UNI-CHEM

MECHANICAL

Fogging Concentrate

[illegible]	[illegible]
N-Octyl Bicycloheptene Dicarboximide	1.00
Technical Piperonyl Butoxide *	.60
Pyrethins	.30
TOTAL ACTIVE INGREDIENTS	100.00 %

*Consists of .48% (Butylcarbityl) (6-Propylpiperonyl) ether and .12% other related compounds.

FOR USE AGAINST

FLIES, MOSQUITOS, GNATS, ROACHES, ANTS, SILVERFISH, BED BUGS, WATER BUGS, AND FLYING MOTHS

UNI-CHEM MECHANICAL FOGGING CONCENTRATE is a specially formulated concentrate for use in mechanical type fog generator machines. UNI-CHEM MECHANICAL FOGGING CONCENTRATE is exceptionally effective but can not be used economically in an ordinary hand sprayer or power sprayer that only produces coarse wet mists.

UNI-CHEM MECHANICAL FOGGING CONCENTRATE IS AN EXCELLENT FORMULATION for combating air-borne insects such as flies, mosquitos, gnats and flying moths in stores, industrial warehouses, factories, [illegible] homes, theatres, grain elevators and food processing plants (dairy and creamery plants, [illegible] restaurants, packing plants). To control the above named insects in the area, [illegible] spray freely upward in all directions until a mist of fog develops in the area. Keep area closed for approximately fifteen to thirty minutes so that the [illegible] UNI-CHEM MECHANICAL FOGGING CONCENTRATE might control the [illegible]. CAUTION: Use as space spray in food processing plants only when the [illegible] in operation.

UNI-CHEM MECHANICAL [illegible] give excellent results in the control of roaches, ants, silverfish, [illegible] bugs. Direct a heavy mist or fog onto the insects and into cracks [illegible] walls, [illegible], sinks, pipes, drains and around processing and packing [illegible] where insects are known to hide, also treating known [illegible] them. Fog thoroughly each week until insects disappear [illegible] above procedure. To control an area of bed bugs, [illegible] all joints, slats, springs, and mattresses, especially seams, [illegible] behind baseboards, moldings, pictures and loose wall [illegible]

*Note: This spray [illegible] contamination of food and food [illegible] dishes, they [illegible]

CAUTION

[illegible] Children

[illegible] OPEN FLAME. Do not wet the hides of animals. It is best to wear a mist respirator to avoid any possible [illegible]
