DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Spray infested surface until wet.

ANTS, ROACHES, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized applications to the floor and baseboards. Spray directly into cracks, closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall coverings. Applications should be repeated as necessary. Fresh bedding should be placed in an maid quarters following treatment.

DO NOT TREAT ANIMALS WITH THIS FORMULATION

FLIES, MOSQUITOS, WASPS AND FLYING MOTHS OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces and light fixtures on porches, in garages and other places where these insects alight or congregate.
