FOR DOGS AND CATS

Provides rapid kill of fleas, lice, and ticks. Repellent to flies, mosquitos, and gnats for up to 8 hours. Contains deodorant that controls bacterial odors.

- **Kill Fleas, Lice and Ticks . . . Fast!**
- **Control Fleas in Dog's Home.**
- **Eliminate Scratching Due to Fleas, Ticks and Lice.**

To control fleas, ticks, and lice: Holding can upright, spray the animal with short bursts from a distance of 10 to 12 inches. Starting at the tail, stroke against the lay of the hair, spraying the period for directly behind the head to insure penetrating the coat. Dampen the fur up to the head. Spraying a cat 20 to 30 seconds or an average size dog 30 to 45 seconds is usually sufficient. Repeat application weekly if necessary to control infestation.

Ticks are tough, and a spray directed at the ticks is preferred, if possible.

To control reinfestation, weekly applications with Four Paws Flea and Tick Killer is recommended. And don't forget to spray on bedding and other frequented areas as needed.

Do not treat or cause exposure of kittens or puppies under 4 weeks of age.

Harmful if swallowed or inhaled. Avoid contact with skin or inhalation of spray mist. Wash thoroughly immediately after use. Avoid contamination of food, foodstuffs or utensils.

Flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not reuse container. Destroy when empty.

ACTIVE INGREDIENTS:

Allethrin (alkyl homolog of Cinerin I)	0.10%
*Piperonyl Butoxide, Technical	0.50%
2-n-octylpyridine Citrate	5.00%
INERT INGREDIENTS	94.30%
	100.00%

*Equivalent to 0.40% Butylcarbityl (6-propylpiperonyl) ether and 0.12% related compounds
