Contents for use only in pressure-treating forest products. Cannot be used in concentrated form. **DO NOT** attempt to use without having the necessary safety equipment. To be used only in vacuum pressure impregnation of forest products utilizing water solutions having concentrations ranging from 1.0 percent to 5.0 percent by weight. Impregnation procedures must rigidly adhere to the current specifications of the American Wood Preservers Association.

SPILLS:

Recover spilled liquid or soak-up with sand or earth and bury. Sweep-up or vacuum area thoroughly to remove any remaining sand or earth.

THIS PRODUCT IS TOXIC TO BIRDS AND OTHER WILDLIFE.

Keep out of any body of water. Do Not contaminate water by direct application, cleaning of equipment, or disposal of wastes and containers.

DRUM DISPOSAL: Do not reuse container. Tighten closure. Transport to a drum reconditioner or destroy by perforating and crushing and bury in a safe place.

Follow directions carefully. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

MADE IN U.S.A.
