DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General: This concentrate is designed for use undiluted in mechanical sprayers which give particle sizes of aerosol size.

SPACE SPRAY:
Use undiluted in aerosol generators to kill German cockroaches, flies, mosquitoes, small flying moths, and gnats: Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Apply at the rate of 0.3 ounces of undiluted concentrate per 1000 cubic feet of space. Direct output from aerosol generator upward toward upper corners of room and ceiling. Leave room closed for one hour. Ventilate room thoroughly before re-entering. Repeat as necessary.

ACCEPTED
MAR 24 1981
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 432-561
