Dear Mr. Lippert:

The City of Albion, in cooperation with Calhoun County Land Bank, is requesting the EPA's assistance in the potential clean up of plating wastes and other materials left on site due to the bankruptcy of Picken's Plating at 1000 Industrial Avenue, Albion, Michigan. The date of bankruptcy was June of 2009. Enclosed are property records from the City of Albion's assessor's file.

If you have any questions, you may contact Kevin Markovich, Director of Public Services at (517) 629-7200 or (517) 204-8977. We appreciate any help and consideration you can give us in this matter.

Sincerely,

Michael S. Herman
City Manager
