DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For use as a spot treatment only. Do not use as a space spray.

This concentrate should be diluted in water before use at a rate of 1 part concentrate to 15 parts water (or ½ pint of concentrate in 1 gallon of spray).

To control cockroaches, ants, spiders, waterbugs, silverfish and crickets:

Do not use in edible products area of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in service areas while food is exposed.

NON-FOOD AREAS — including garbage rooms, lavatories, floor drains, to sewer entrances and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, or storage rooms, or any other building. Apply to baseboard areas, around water pipes, surfaces around and beneath sinks, lockers, tables, cabinets and similar areas where insects hide or through which they may enter. Repeat treatment as required.

To control carpet beetles:

To control brown dog ticks:

As an aid in reducing the [illegible] mosquitoes, wasps and flying insects:

Fleas, chiggers and mites:

CAUTION

HARMFUL IF SWALLOWED

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Do not allow spray to contact food, feedstuffs, or water supplies. Thoroughly wash dishes and food handling utensils if contaminated by this spray. May be absorbed through the skin. Avoid breathing of spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly after handling and before smoking or eating.

DO NOT SMOKE WHILE MIXING THIS PRODUCT.

Remove pets and cover fish bowls before spraying. Do not allow children to contact treated areas until surfaces are completely dry.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area. Do not apply where bees are actively visiting weeds blooming in the treatment area. Applications should be timed to provide the maximum possible interval between treatment and the next period of bee activity.

PHYSICAL AND CHEMICAL HAZARDS

FLAMMABLE. KEEP AWAY FROM HEAT AND OPEN FLAME.
