GENERAL INFORMATION

D-TOX 4S is a [illegible] O-Methyl O-(2-isopropyl-4-methyl-6-pyrimidinyl) phosphorothioate per gallon. It is intended for use by pest control operators after dilution with insecticide base oils for the control of those insects listed below. D-TOX 4S is not intended for use in the manufacture of finished products for resale.

NOTE: The solvent used in this formulation is a petroleum distillate which may stain certain plastics, rubber, and asphalt mat materials such as ties and floor coverings. Do not treat such materials. When used in dwellings, care should be taken to avoid exposure which could be frequently contacted by children. Do not allow children on treated areas until surfaces are dry. Do not contaminate food, food contacts, cooking utensil
