- LICE

ON DOGS AND CATS

- KILLS
- DEODORIZES
- REPELS Flies from Animals

When used as directed

QUICK KILL PLUS LONG LASTING ACTION

CAUTION: Keep out of reach of children and pets.

EPA Reg. #998-48 Net Contents 11 ozs.

Superior Chemical Products, Inc.

3917 Frankford Ave. Philadelphia, Pa.

ACCEPTED

3/1/68

DIRECTIONS

Remove cap and press down valve directing spray toward the animal, keeping container about 4-5 inches away.

Spray so as to slightly dampen coat. For long haired animals, ruffle the hair upward while applying the spray to enable the insecticide to reach the hide and all parts of the hair.

Especially for control of ticks, direct the spray so that it will actually wet the insects. Repeat as required, but not oftener than once a week.

Animal sleeping quarters, bedding and kennels should also be thoroughly sprayed. Where bedding is infested it should be replaced with fresh bedding. On the first application, some animals may become frightened by the sound and cool sensation of the spray. This is a temporary reaction and usually will not happen on subsequent treatments.

CAUTION —

Harmful if swallowed. Avoid prolonged breathing of spray mist. Avoid prolonged and repeated contact with skin. Wash thoroughly after using. Avoid contamination of feed and foodstuffs.

ACTIVE INGREDIENTS	
Pyrethrins	0.06%
Technical Piperonyl Butoxide*	.30%
Ronnel**	.50%
Methoxychlor Technical***	.50%
Essential Oils	.50%
Petroleum Distillate	4.33%
INERT INGREDIENTS	93.75%
Total	100.00%

*Equiv. to 0.84% (butyl carbityl) (6-propyl piperonyl) ether and 0.06% of related compounds.

**O, O-dimethyl O(2, 4, 5-trichlorophenyl) phosphorothioate.

***Equiv. to 0.44% 2, 2-bis (p-methoxyphenyl)-1, 1, 1-trichloroethane and 0.06% other isomers and related compounds.
