WARNING

Statement of Practical Treatment

If Swallowed Call a physician immediately. Gastric lavage is not indicated if water alone was taken internally. DO NOT INDUCE VOMITING unless other treatment is not available. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in back of throat. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If Inhaled Remove victim to fresh air. Apply respiration if indicated.

If On Skin Wash contaminated skin with soap and water.

If In Eyes Flush eyes with plenty of water for at least 15 minutes. Get medical attention.

See side panels for additional precautionary statements.

For Diazinon Turf Insecticide [illegible] Diazinon Turf Insecticide [illegible] water to obtain complete and [illegible] average of pest infested areas and apply as a [illegible] pressure spray using suitable application equipment. Thoroughly water treated areas immediately after treatment to wash the insecticide into the turf [illegible] as noted. For best results, the lawn should be [illegible] at time of treatment.

Pests	Rate 1,000 sq. ft. Diazinon	Water	Remarks
[illegible] Bugs	[illegible]	[illegible] gals.	Use higher rate for vigorous [illegible] and [illegible] of dense growth such as St. Augustine grass.
[illegible]	[illegible]		Spot spray pest areas [illegible]
[illegible]	[illegible]	[illegible] gals.	For lawn damage, spray the lawn thoroughly immediately after treatment. [illegible]
Brown Dog Ticks, Barn Cat Mites, Chiggers, Fleas, Leafhoppers	[illegible] oz.	3 gals.	Do not apply to animals. For brown dog ticks spray grass and under shrubbery, particularly near houses.
Mimosa [illegible]	8 fl. oz.	3 gals.	
Rhodesgrass Scales	5 fl. oz.	25 gals.	Apply when crawlers first emerge.

*Or make application in 3 gals. of water per 1,000 sq. ft. and then thoroughly water immediately, following application.

Billbugs, White Grubs (such as Japanese beetle larvae, European chafer, Southern chafer): Apply 4 fl. oz. per 1,000 sq. ft. of lawn. Water grass thoroughly after application. For grub control, make application any time between late July and early October. For billbug control, apply when activity is first observed or when chewed or brown grass is present indicating damage from this insect.

Hyperodes Weevil (New York only): Apply 3 fl. oz. per 1,000 sq. ft. of grass. Water grass thoroughly after application. Treat problem areas in mid-April and again in mid-May.

HOUSE ENTRY PREVENTION: To control ants, brown dog ticks, cockroaches, earwigs, fleas, firebrats, silverfish and cockroaches, spray areas which are commonly found near the house and may enter the house such as a 5 ft. band of soil around the house as well as the house foundation wall to a height of 2-3 ft. Repeat application if necessary.

NOTICE: Seller warrants that this product conforms to the chemical description on the label. Since conditions of use such as weather, compatibility with other chemicals, and condition of application equipment will vary, Seller makes no claims other than those stated on this label.
