QUAT-500

ACCEPTED
1 4 1975
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 3618-28
Comment

DIRECTIONS FOR USE

SWIMMING POOLS

For the prevention of Algae in swimming pools, use 1 gallon of Quat 500 to each 50,000 gallons of water in pool for the initial treatment. For renewal dosage, add 1 quart to each 50,000 gallons of water every 5 to 7 days.

If growth of Algae is observed, add 1 gallon Quat 500 for each 10,000 gallons of water. When existing growth is dead and withered, clean pool and add 1 gallon Quat 500 per 25,000 gallons of water.

For maintenance dosage after all traces of Algae are absent, add 1 quart to each 50,000 gallons every 5 to 7 days.

ACTIVE INGREDIENTS:

n-Alkyl (50% C_{14}, 40% C_{12}, 10% C_{16}) dimethyl benzyl ammonium chlorides **10%**

INERT INGREDIENTS:

Water **90%**

Total **100%**

DANGER **Keep Out Of Reach Of Children.**

Dilute with water as directed. Do not mix with soap. Avoid contamination of food. See side panel for first aid and additional precautions.

Rinse empty container thoroughly with water and discard it.

industrial colloids and chemicals, inc.

127 West Jackson Avenue — KNOXVILLE, TENN. Phones 522-0214- 2-6192

DANGER

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.
If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

FISH-WILDLIFE CAUTION

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment, or disposal of wastes, and apply this product only as specified on this label.
