CONTACT INSECTICIDE

FOR:
Hotels • Motels
Schools • Plants
Food Handling Plants
Bakeries • Food Plants
Restaurants • Office Buildings

ACTIVE INGREDIENTS:

Pyrethrins	0.30%
*Piperonyl Butoxide Technical	0.60%
+N-octyl bicycloheptene dicarboximide	1.00%
**INERT INGREDIENTS	98.10%
TOTAL:	100.00%

*EQUIVALENT TO .48% (butylcarbityl) (6-propylpiperonyl) ether and .12% related compounds
+MGK-264, Insecticide Synergist.
**Contains petroleum distillates.

PHYSICAL OR CHEMICAL HAZARDS
Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

Net Wt. 8 oz. 227 gms.

Apply this product only as specified on this label.

CAUTION

Keep out of reach of children.
Contents under pressure.
See side panel for additional

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling.
SHAKE BEFORE USE - KEEP UPRIGHT WHILE SPRAYING

To kill flies, mosquitoes, gnats, wasps, hornets, sandflies, small flying moths: Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Spray 5 to 10 seconds for average room (1,000 cubic feet). Keep nozzle three feet from surfaces. Vacate premises. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy the fallen insects and repeat treatment as necessary.
To kill roaches, waterbugs, silverfish, ants, scorpions, centipedes, sowbugs, spiders, fleas: Spray baseboards, cracks, crevices, moist areas and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and ant trails around windows and door frames and other locations. For fleas, thoroughly spray animal quarters and sleeping area. Repeat as necessary.
To kill clothes moths: Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage containers, such as closets, chests, and trunks, regularly. Treatment should be repeated every thirty days, unless the articles are stored in a mothtight container.
To kill bedbugs: Spray mattresses thoroughly, especially around seams and tufts. Spray bedsteads, baseboards and floorboards. Repeat frequently.

STORAGE AND DISPOSAL

Storage: Contents under pressure. Do not store near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.
Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
Container Disposal: Do not re-use empty container. Wrap and discard in trash.
General: Consult federal, state or local disposal authorities for approved alternative procedures.

PRECAUTIONARY STATEMENTS
Hazards to humans and domestic animals.

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After space spraying in plants, bakeries and other food processing plants, wash all equipment, benches, shelving, etc. where exposed food will be handled, with potable water. Remove pets, birds and cover fish aquariums before spraying.
