PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)
CAUTION

Read the entire label before using. Use only as recommended for claims listed.

During commercial exposure in seed treatment and loading operations, wear goggles, clean synthetic rubber gloves, protective clothing, and a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR part 11.

Wash hands, arms, and face thoroughly with soap and water after handling and before eating or smoking. Routinely shower or bathe after work and wash all clothing with soap and hot water before reusing.

SPECIAL USE PRECAUTIONS:

IMPORTANT: Treated seed must not be used for human consumption nor as animal feed. Bags containing treated seed should be labeled

TREATED SEED
DO NOT USE FOR FEED, FOOD, OR OIL PURPOSES

The Federal Government and some states have issued regulations for the application of special tags or labels to be affixed to bags containing treated seed.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water.

STATEMENT OF PRACTICAL TREATMENT:

IN CASE OF EYE CONTACT: Immediately flush eyes with running water for at least 15 minutes. Call a physician.

IN CASE OF SKIN CONTACT: Wash the affected areas with soap and warm water.

PRODUCT INFORMATION:

Captan 300 Flowable Seed Protectant is a liquid suspension especially formulated for the treatment of seed prior to storage and planting to protect seed from molds and other fungi causing storage loss and to protect seed from seed-borne and soil-borne fungi which cause seed decay, damping-off, and seedling blights. At the recommended dosage **Captan 300 Flowable Seed Protectant** is non-injurious to seeds or seedlings and the germination of treated seed is frequently stimulated giving a superior result as compared to results from untreated seed.

DIRECTIONS FOR USE AND RECOMMENDATIONS:

It is a violation of State and Federal Law to use this product in a manner inconsistent with its labeling.

Read all directions before using and use only as specified on this label.

IMPORTANT: Before using, stir thoroughly to mix contents.

DIRECTIONS: Thoroughly mix the recommended amount of **Captan 300 Flowable Seed Protectant** into the required amount of water for the slurry treater equipment and dilution rate to be used. Clean equipment thoroughly between treating operations.

CAPTAN 300

Flowable Seed Protectant

Agricultural Fungicide — Liquid Suspension

ACTIVE INGREDIENTS:	BY WT.
CAPTAN, N-[(Trichloromethyl)thio]-4-Cyclohexene 1, 2-dicarboximide	28.4%
Related Derivatives	1.6%
INERT INGREDIENTS	70.0%
	100.0%

CAUTION:
KEEP OUT OF REACH OF CHILDREN

- Causes eye and skin irritation
- Harmful if swallowed, inhaled, or absorbed through skin
