**MicroCide** is a multi-purpose disinfectant and germicide, for general use in homes, stores, industrial plants, offices, schools, restaurants, hospitals, and clinics. Its germicidal and bactericidal properties are effective against many micro-organisms.

**DIRECTIONS FOR USE:**

For disinfection of toilet seats, bath tubs, sinks, table tops, desks, and similar hard surfaces, spray from a distance of 18 inches for 5 seconds. Allow MicroCide to remain in place for at least 10 minutes, then rinse area clean with water.

**WARNING.**

[illegible] Do not use or store near heat or open flame. Exposure to temperatures [illegible] Never [illegible] below [illegible]
