US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

NOTICE OF PESTICIDE: ☒ REGISTRATION ☐ REREGISTRATION

(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

EPA REGISTRATION NO. 42177-53

DATE OF ISSUANCE 30 SEP 1988

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

[illegible]

NAME AND ADDRESS OF REGISTRANT *(Include ZIP code)*

[illegible] Corporation
[illegible] Carpenter Freeway
[illegible], TX 75062

BEST AVAILABLE COPY

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: [illegible] Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS—STRONG OXIDIZING AGENT: Strong Oxidizing Agent. [illegible] Contact with organic matter [illegible] chemical reaction with generation of heat. Chlorination [illegible] Flood with large volumes of water if necessary.

PRACTICAL TREATMENT (FIRST AID):

If swallowed: Feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.

If on skin: Flush [illegible] water for at least 15 minutes. Irritation persists, get medical attention.

If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, [illegible] U.S. EPA Permit. For guidance contact the regional office of EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Pool Chlor 65 is designed for the rapid control of algae and for superchlorination at the time of pool opening. These quick-dissolving granules will destroy most stages of naughty algae within 24 hours. Dead algae will come to rest on the pool floor. Remove by vacuuming [illegible].

AT TIME OF POOL OPENING

Superchlorinate to satisfy initial chlorine demand of new water. Apply one ounce of Pool Chlor 65 for each 1000 gallons of water. Allow pool to circulate [illegible] chlorine residual of 0.6 to 1.0 by using a suitable chlorine test kit. [illegible] and [illegible] between [illegible] and 7.6 as determined by a suitable test kit.

REGULAR MAINTENANCE

In pools without stabilizer— Algae develops with resulting greenish color and slimy feeling. Pool Chlor 65 is necessary. Apply 1 ounce per 1000 gallons of water by broadcasting granules directly across the surface of the pool. Before allowing swimmers to re-enter pool, check chlorine residual using an appropriate test kit. VINYL [illegible] Dissolve Pool Chlor 65 in a pail, bucket, [illegible] water and add the pool pH to the water. Stir thoroughly [illegible] the pool. [illegible] below 2 ppm [illegible] algae persists, repeat the treatment.

[illegible] Pool Chlor 65 could be used. Test pH frequently and adjust to between 7.2 and 7.6.

In pools with stabilizer— [illegible] acid or with chlorine concentrate, periodic supplemental [illegible] algae. To prevent algae by adding one ounce of Pool Chlor 65 per 1000 gallons [illegible] per 1000 gallons [illegible] below 80°F. [illegible] other directions above.

STORAGE AND DISPOSAL

[illegible] Store in a cool, dry, well ventilated area away [illegible] Dispose in a well ventilated area with large amounts [illegible] Dispose of empty container by placing in trash [illegible] and disposal or cleaning of equipment.
