# FluidTame™

## CONCENTRATE

The Problem Solver For Waterbeds

### CAUTION:

KEEP OUT OF REACH OF CHILDREN

USE ENTIRE CONTENTS DO NOT REUSE BOTTLE

See back panel for additional precautionary statements

Net contents 8 fl. oz. (236.59 cc)

Made in USA

### INGREDIENTS

ACTIVE INGREDIENTS

Polyvinylpyrrolidone iodine complex* 3.8%

INERT INGREDIENTS 96.2%

*Contains 0.38% titratable iodine

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use as a bacteriostat for closed aqueous waterbed environments. Also controls bubbles and protects vinyl.

Empty entire contents of bottle into bed. For best results FluidTame must be re-applied each year or at each mattress refill. One 8 oz. application is sufficient for waterbed mattresses up to king size. Effective dosage of 8 oz. FluidTame for standard waterbed mattresses is:

King size ..... 48 ppm ≅ 21 ppm titratable iodine

Queen size ..... 57 ppm ≅ 24 ppm titratable iodine

Double size ..... 64 ppm ≅ 28 ppm titratable iodine

Recommended for waterbed mattresses. Using entire 8 oz. bottle will not adversely affect waterbed mattresses less than king size.

### DISPOSAL

Do not reuse empty container. Wrap container and put in trash collector.

### PRECAUTIONARY STATEMENTS

Hazardous to humans and domestic animals.

Harmful if swallowed. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.
