Hi Mark. Sorry I missed your call. We will get the redacted 2008 Enercon report out to Sharon DeMeo at beginning of next week. Yes, we had intended to get to it sooner but with the Merrimack Station NPDES revised draft permit comments and the hearings and follow-up on the Merrimack Station scrubber, it just didn't happen. You know how it goes. In any case, we were aiming to get both reports out last week when the storm disrupted our plan--we were hit hard in NH. More than 200,000 people out of power at one point. I had storm duty on Thanksgiving! I hope you had a better holiday.
Thank you for your patience. I look forward to talking with you soon. Linda
