Subject: RE: South Terminal WQ Performance Standards revised

Chet/Phil (Weinberg, not Colarusso)

Given the revisions to the Water Quality Performance Standards (and other information provided since June 18) are you planning to update the State's ARAR letter of June 18, 2012 and its Attachment A?

Chet Myers ---11/16/2012 04:06:26 PM---Hi Cindy, I was in a class this morning and just got a chance to look at this. I apologize.

Subject: RE: South Terminal WQ Performance Standards revised

Hi Cindy,

I was in a class this morning and just got a chance to look at this. I apologize.

We have one proposed change from a quick initial review. We may have additional suggested changes, but can you consider this one for now?

The text currently reads:

6. In the event the exceedence occurs during an activity and in an area in which silt curtains are required from January 15 through June 15 in accordance with Section II.5, if all additional mitigation measures exercised in accordance with Section II.7, and compliance cannot be reestablished within 48 hours of the implementation of the additional mitigation measures, the work shall stop and may not resume again until

SDMS Doc ID 70005300

June 16.

We would like to just add the following to the end as follows: “the work shall stop and may not resume again until June 16, *unless the Commonwealth can demonstrate to the satisfaction of EPA that it has instituted measures sufficient to reestablish compliance, and EPA concurs that work may proceed with such measures* .”

Chet Myers

Chet/Jay

A couple of revisions in redline in No. 9. I'll need to hear from you by cob today if you have any thoughts. Thanks.

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
