7/7/93

EPA Reg. No. or File Symbol 8383-3
Date Division Received 5-17-93
Products Manager No. 32 (Ruth Douglas)
Product Name Sporicidin Brand Disinfectant Solution
Company Name Sporicidin International

100.0 Comments:

- a. Confidential Statement of Formula does not agree with the manufacturing process and is not acceptable. Based on your Confidential Statement of Formula phenol is being added to the formulation twice and the amount of phenol in Confidential Statement of Formula is greater than in the manufacturing process.
- b. Submit revised Confidential Statement of Formula and revised manufacturing process so that they would agree and also they should agree with the label. The amounts used in manufacturing process must be by weight and they must be exact, statement "up to [redacted]" is not specific and is not acceptable. If additional [redacted] should be listed in the manufacturing process and in the Confidential Formula and the amount must be stated.
- c. For each unregistered source for the active ingredient "Phenol" submit all product chemistry data required in 40 CFR part 158.155 through 158.190 for the technical grade active ingredient.

Manufacturing process information may be entitled to confidential treatment
