

DATE: MAY 30 1980

SUBJECT: Safrontin EPA#11273-EE
CASWELL#706A

FROM: Robert Coberly
Toxicology Branch, HED (TS-769)

TO: W.H. Miller, PM#16
Registration Division (TS-767)

The revised labeling for EPA No. 11273-EE (Safrontin Emulsifiable Concentrate Insecticide) submitted by Ms. Susan Merritt on April 29, 1980 appears to be acceptable. The proposed usage pattern in household kitchens is more restrictive than the prior labeling, thus reducing the possible contamination of food stuffs.
