AND TOXIC SUBSTANCES

MEMORANDUM

SUBJECT: Difenconazole - Basis for Tolerance Expression  
FROM: Reto Engler  
TO: James Kariya

The Metabolism Committee met on July 14, 1994 to consider the basis for the tolerance expression for difenconazole in wheat grain, wheat straw, wheat forage, rye grain, barley grain, eggs, meat, meat by-products, milk and fat. At this time, the Committee determined that these tolerances will be based upon parent only.

A final Metabolism Committee report is anticipated within about one week.
