Anne Montalone Bonide Products Inc. 2 Wurz Ave. Yorkville, N.Y. 13495

Subject:

Revised Labeling in Response to EPA Letter of 12/29/97

Bonide Methoxychlor 25% E Insecticide

EPA Registration No. 4-165

Received at EPA January 13, 1998

Dear Ms. Montalone,

This letter acknowledges receipt of the subject labels, sent in response to the EPA letter of December 29, 1997. The labels are acceptable provided that the following correction is made:

Under page 3, Flowers, the directions should read "To control rose chafer, leafhopper, spittlebug, Japanese beetle, lace bug, flea beetle--Mix 1 ½ to 2 tablespoonfuls per gallon of water. Apply to thoroughly cover plant surfaces when small larvae begin feeding."

A stamped copy of the approved label is enclosed for your files.

Sincerely,

Elizabeth T. Haeberer

Insecticide-Rodenticide Branch

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION--Keep out of reach of children. Harmful if swallowed or inhaled. Avoid breathing of spray mist. Avoid contact with skin and eyes. In case of contact, wash immediately with soap and water-may be absorbed through skin. Wash thoroughly after using. Do not use on pets or humans. Keep children and pets off treated areas until washed into soil and the grass is dry.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Do not induce vomiting. Call a physician immediately.

If Inhaled: Remove to fresh air.

If on skin: Wash immediately with soap and water

If in eyes: Wash with plenty of water. Get medical attention.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL AND CHEMICAL HAZARDS

FLAMMABLE. Keep away from fire sparks and heated surfaces.
