

CAUTION: Combustible. Do not smoke while using. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin and clothing. Avoid breathing vapors or spray mist. Wash thoroughly after handling. If swallowed, do not induce vomiting. Call a physician immediately.

Note to Physician: Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of a cuffed endotracheal tube. Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

Do not allow children or pets to contact treated surfaces until spray has dried. Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils if contaminated with this product. Remove pets and cover fish bowls before spraying. Do not spray air in rooms or use on plants. **Apply as a surface spray only as specified on this label.**

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Dispose of empty container and waste in a safe place, preferably by burying in a location away from domestic water supplies.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

UNDER THE FEDERAL INSECTICIDE ACT AND REGULATIONS THEREUNDER FOR THE CONTROL OF PESTICIDES REGISTER.

Use BONIDE ROACH, ANT & SPIDER KILLER W/DURSBAN as a spot treatment to control cockroaches, ants, silverfish, spiders and other pests specified below. Apply as a coarse (large droplet) spray to localized areas where pests may occur. Spray surfaces until wet. Repeat as needed. This unit contains applicator under the cap.

Cockroaches, Ants, Silverfish, Spiders: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door sills and window frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. To control ants outdoors, ant hills, trails and the ants should be sprayed.

Ticks: To control brown dog ticks, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment. **Do not spray pets with this product.**

Flies and Mosquitoes: Use out-of-doors only as an aid in reducing annoyance of these pests. Spray outside surface of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed.
