

JUL 25 1994

Mr. James A. Wurz  
Bonide Products, Inc.  
2 Wurz Ave.  
Yorkville, NY 13495

Dear Mr. Wurz:

Subject: Revised label: add carpenter ant and wood boring  
insects use directions  
Bonide Home Pest Control RTU  
EPA Reg. No. 4-308  
Your submission dated May 25, 1994

Label amendment referred to anove, submitted in connection  
with registration under FIFRA sec. 3(c)(7)(B), is acceptable  
provided that you:

1. Submit and/or cite all data required for  
registration/reregistration of your product under FIFRA sec.  
3(c)(5) when the Agency requires all registrants of similar  
products to submit such data.

2. Submit five copies of your final printed label before  
you release the product for shipment.

If these conditions are not complied with, the registration  
will be subject to cancellation in accordance with FIFRA sec.  
6(e). Your release for shipment of the product bearing the  
amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

DHE

Dennis H. Edwards, Jr.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS—CAUTION

May be harmful if swallowed. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated. Do not use this product in food areas of food handling establishments/restaurants or other areas when food is prepared or processed. Do not use in serving areas while food is exposed. Remove pets and cover fish aquanums before spraying with this product. Do not allow children or pets to contact treated areas until spray has dried.

#### STATEMENT OF PRACTICAL TREATMENT

**If swallowed**—Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

**If on skin**—In case of contact, remove contaminated clothing and immediately wash skin with plenty of soap and water. Wash clothing before use.

**If in eyes**—Flush eyes with plenty of water.

**Note to Physician:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. This product is highly toxic to bees exposed to direct treatment or residues on plants. Protective information may be obtained from your Cooperative Agricultural Extension Service.

#### PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame. Do not store below 32°F.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### STORAGE AND DISPOSAL

**Storage:** Keep pesticide in original container. Store in a dry, cool place, preferably in a locked storage area.

**Pesticide Disposal:** Securely wrap original container in several layers of newspaper and discard in trash.

**Container Disposal:** Do not reuse container. Rinse thoroughly before discarding in trash.

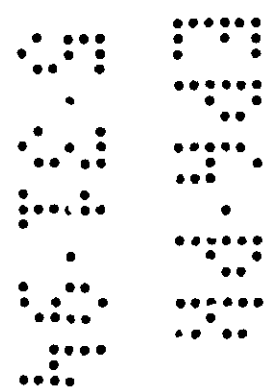

BONIDE HOME PEST CONTROL is a water based, ready-to-use insecticide for use around the home to control the specified pests. It can be used for spot treatment indoors on carpets, upholstery, around window and door frames, on screens, behind sinks, stoves, refrigerators, as well as outdoors on porches, in garages, on lawns and soil areas. Will not stain or leave oily residue. Adjust spray applicator for coarse or fine spray as directed and apply directly from container. Spray surfaces only until wet, repeat as needed. Spot test surfaces and fabrics for color fastness before spraying.

**Pests Indoors:** Do not allow spray to contact food, feedstuffs and water supplies. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated. Remove pets and cover fish tanks before spraying and until sprays dry.

**Cockroaches, Ants, Clover Mites, Crickets, Firebrats, Silverfish and Spiders**—Apply as a coarse spray and spot treat only localized areas where insects are found or normally occur including dark corners of rooms and closets; cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators and cabinets; around plumbing and other utility installations. **Ants**—apply to trails, around doors and windows and where these pests gain entrance. A period of 4-7 days is normally required for maximum effect on roaches.

**Carpet Beetles**—Thoroughly apply as a fine spray along baseboards and edges of carpeting, under carpeting, rugs and upholstery in closets and on shelving and places where seen or suspected until moist, not wet.

**Fleas & Brown Dog Ticks**—Thoroughly apply as a fine spray for spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of the area. **DO NOT TREAT PETS WITH THIS PRODUCT.** To control the source of flea infestation, pets inhabiting the treated premises should be treated with a product registered for application to animals. Allow sprayed surfaces to dry before returning pets to quarters.

BONIDE HOME PEST CONTROL RTU, EPA Reg. No. 4-308

**Carpenter Ants:** Adjust sprayer to deliver a coarse spray. Apply mixture around doors and windows, and other points of entry. Also spray into cracks and crevices or through small, newly drilled holes into wall voids where ants or their nests are suspected.

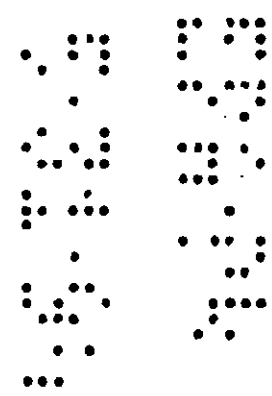

**Wood-infesting Beetles:** (Lyctidae, Bostrichidae, Anobiidae and Cerambycidae). To protect wood and control damage by these wood-infesting insects, apply mixture to wood using a coarse spray to the point of run-off.

**Pests Out-of-Doors:** Ants, Brown Dog Ticks, Crickets, Fleas, Earwigs—Treat localized infestations of these insects by thoroughly spraying weeds or brushy noncrop areas, shrubs, grass, or wherever these pests are found. Repeat as necessary. Ants—thoroughly wet hills and runways.

**Flies, Mosquitoes, Spiders**—For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate. Repeat as necessary.

**NOTICE:** Seller makes no warranty, expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this product when contrary to label instructions.
