SHUN®

**An Aid in Keeping Dogs Away From
Trees, Shrubs & Flowers**

CAUTION: Keep out of reach of children.
See other cautions on back panel.

DIRECTIONS

Useful for Tree Treatment - Woody Vines and Flower Sprays. SHUN is used on trees and around the base of evergreen trees and shrubs and on tree trunk and surrounding area. Spray the ground around flowers and other tender plant growth but not directly on them. Do not apply to painted surfaces or objects subject to staining. Keep away from clothing, carpets, furnishings, etc.

Repeat, when necessary to obtain desired results.

Because dogs are unpredictable creatures of habit, daily respraying of SHUN to some objects may be necessary before the undesirable habit is broken. Verbal commands and discipline should be continued in conjunction with the use of SHUN, so far as possible.

CAUTION: Keep container from heat and store only at room temperature. Do not puncture or throw container into fire or incinerator. Wash with soap and water in case of skin contact. Keep spray from eyes. Do not use near fire or flame.

U.S.D.A. Reg. No. 59-140

ACTIVE INGREDIENTS:	
Allyl isothiocyanate	0.5%
Mixed alkyl pyridines	2.5%
INERT INGREDIENTS:	97.0%

Manufactured by
WILLIAM COOPER & NEPHEWS, INC
