Under the Federal Insecticide. Fungicide, and Redenticide Act. as amended, for the pesticide registered under -/2-30/ ***

USE LIMITED TO FEDERAL AND STATE QUARANTIME PROGRAMS

ACTIVE INGREDIENT:

DURT INGREDIENTS:.... *Equivalent to 43.2% Octachloro-4, '-Methanotetrahydroindane and 28.8% related compounds

DIRECTIONS

ORMANENTAL SOD, TURF AND NURSERY STOCK: For Control of Larvae or Grubs of Japanese Beetle and Imported Fire Ants: Apply 1th gals. per acre, or approximately 4 oss./ 1,000 sq. ft. in sufficient water for uniform coverage. After applying, use sprinkler or hose to wash off grass and into the soil. Repeat treatment at 7 to 10 day intervals, as necessary, to control insects. CAUTION: Do not use on newly seeded lawns.

WARNING

May be fatal if swallowed. Avoid breathing spray mist and skin contact. Contact with the skin can cause toxic symptoms. In case of spillage on skin wash with soap and water. Avoid contamination of feed and foodstuffs. Keep out of reach of children. Do NOT allow children or pets on treated areas until Chlordane has been washed into the soil by watering or rain and the area is completely orded.

This product is toxic to fish, birds, and other wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

The use of this material being beyond our control and involving elements of risk to human beings, animals and vegetation, we do not make any warranty, express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.

WARNING: KEEP OUT OF REACH OF CHILDREN
