

**PRECAUTIONARY STATEMENTS**

Hazards to Humans & Domestic Animals.

**DANGER**

Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**STATEMENT OF PRACTICAL TREATMENT:**

**IF SWALLOWED:** Call a physician or Poison Control Center. Do not induce vomiting. Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. If person is unconscious, do not give anything by mouth.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention.

**IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

**IF IN EYES:** Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

Open dumping is prohibited.

Do not reuse empty container.

**PESTICIDE DISPOSAL:** Pesticide or insecticide that cannot be used or chemical reprocessed should be disposed of in a landfill approved for pesticides.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) and dispose in an incinerator or landfill approved for pesticide containers.

Consult federal, state or local disposal authorities for approved alternative procedures such as limited open burning.

NFPA HAZARD RATING

**ACCEPTED**

MAY 26 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 150-61

**ACTIVE INGREDIENTS:**

Phosphoric Acid .....	45.0%
Dodecylbenzenesulfonic Acid .....	10.6%
Inert Ingredients.....	44.4%
	100.0%

**KEEP OUT OF THE REACH OF CHILDREN**

**DANGER:**

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONS AND STATEMENT OF PRACTICAL TREATMENT.

*Anderson's*™

**AN-TEC 110**

**ACID SANITIZER**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR SANITIZING NON-POROUS FOOD CONTACT SURFACES IN BEVERAGE, DAIRY AND FOOD PROCESSING PLANTS.**

1. Equipment, surfaces and articles must be pre-cleaned before applying sanitizing solution. Remove gross food particles and soil by preflush, prescrap or presoak treatment. Clean equipment surfaces by circulating, soaking or spraying with appropriate detergent.
2. Following the cleaning cycle, the equipment, etc. must be rinsed with potable water.
3. Sanitize with AN-TEC 110 solution containing 1 fl. oz. to 4 gallons water (255 ppm dodecylbenzenesulfonic acid). Apply sanitizing solution by circulating or spraying to wet all surfaces thoroughly. Hollow objects should be flushed and filled. Allow 2 minutes contact time. When used at this concentration, AN-TEC 110 does not require a final potable water rinse.
4. For manual operations, a fresh use solution should be prepared daily or when the solution becomes diluted or soiled. For mechanical applications, the use solution may not be reused for sanitizing but may be reused for cleaning purposes.
5. Allow equipment to drain and foam to dissipate for at least 10 minutes before using equipment.

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permit authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Authorized by USDA for use in Federally inspected meat and poultry plants.
