ACTIVE INGREDIENT	% BY WT.
Chlorpyrifos (0, O-Diethyl O-(3, 5, 2-trichloro-2-pyridyl) phosphorothioate)	99.50%
INERT INGREDIENTS:	0.50%
TOTAL	100.00%

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Apply Durban Ant Granules insecticide uniformly to lawns and other ornamental and recreational turf areas using any hand or power operated broadcast or type spreader designed for application of granular material. Treat when insects first appear using DURSBAN ANT GRANULES at the rate of 200 pounds per acre. To obtain uniform distribution apply one half the required amount of product in one direction then apply the balance at a right angle. Immediately after application spray the turf with 1300 gallons of water per acre so as to wash granules into the zone of insect infestation. Consult the following table to determine amounts of DURSBAN ANT GRANULES and water needed for smaller spots. Repeat as necessary.

## RATES TO USE

Area to be Treated	Pounds of DURSBAN ANT GRANULES	Gallons of Water to Sprinkle on Turf After Treatment
400 sq ft	2	20
1,000 sq ft	5	50
1,500 sq ft	7.5	75
10,000 sq ft	50	500

To control certain white grubs (larvae of European beetle and Japanese beetle) use the amounts of DURSBAN ANT GRANULES shown in the table. Treat suspected areas in mid-May and again in mid-July. Consult your local Agricultural Extension Service specialist for best time to treat in your area.

To control Hyperodes (nutgrass) weevils use the amount of DURSBAN ANT GRANULES shown in the table. Treat suspected areas in mid-April and again in mid-May. Consult your local Agricultural Extension Service specialist for best time to treat in your area.

## SPREADER SETTINGS

To cover 1,000 sq ft use 5 lbs. DURSBAN ANT GRANULES at the following settings:

Cyclone 400 1/2" 1/2" 1/2" 1/2" 1/2" 1/2" 1/2" 1/2" 1/2" 1/2"

## WARRANTY STATEMENT

Tobacco States MAKES NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE, OR OTHERWISE, EXPRESS OR IMPLIED, concerning this product or its use, which extends beyond the labeling on this label.

## KEEP OUT OF REACH OF CHILDREN CAUTION

### Statement of Practical Treatment

CAUTION: May be harmful if swallowed. Do not take internally. Avoid eye contact. Wash thoroughly after handling. Wash contaminated clothing before reuse. Keep children and pets off treated areas until this material is washed into the soil and grass is dry. Note to Physician: Active ingredient is a cholinesterase inhibitor. Atropine is an antidote. IF SWALLOWED: Call a physician. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. IF ON SKIN: Wash with soap and water. IF IN EYES: Flush with water for 15 minutes. If irritation persists call a physician.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

NOTE TO PHYSICIAN: Harmful if swallowed. Keep children and pets off treated areas until this material is washed into the soil and grass is dry. Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

### Environmental Hazards

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

### Storage and Disposal

Storage: Do not store in areas of extreme heat or cold. Protect from moisture or extreme humidity. Store in a cool, dry place preferably in a locked storage area. Pesticide Disposal: Do not contaminate water, food, or feed by storage or disposal. Securely wrap original container in several layers of newspaper and discard in trash. Container Disposal: Do not reuse bag or can. Discard bag or can in trash.
