Application Dated April 22, 2011

Dear Mr. Granahan:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notices (PRNs) 98-10 and 2007-4 for the subject product. The Registration Division (RD) has conducted a review of this request and finds that the action falls within the scope of PRNs 98-10 & 2007-4. The label submitted with the application has been date-stamped "Notification" and will be placed in our records.

The primary brand name for this product has been changed from "Riverdale Metsulfuron Methyl Technical" to "**Nufarm Metsulfuron Methyl Technical**" and updated in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.
