

RTHO Rose & Floral Dust

PRECAUTIONARY STATEMENTS

MAZAROS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes eye irritation. May be harmful if swallowed. May cause allergic skin reactions. Avoid contact with eyes and clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT: In case of eye contact, wash eyes immediately with fresh water for 15 minutes. See a doctor if irritation persists. If swallowed, give water or milk to drink and telephone for medical advice. Consult medical personnel before inducing vomiting. If medical advice cannot be obtained, then take person and product container to the nearest medical emergency treatment center or hospital. Note to Physicians: Emergency information — call (415) 233-3737.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and toxic to aquatic invertebrates. Do not apply directly to water or wetlands (swemps, boos, marshes and potholes). Drift and runoff from treated areas may be hazardous to equatic organisms in neighboring areas. Do not clean equipment or dispose of equipment washwaters in a manner that will contaminate water resources.

This product is toxic to bees and should not be applied when bees are actively visiting the area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIREC-

Wear chemical resistent gloves when using outdoors. Wear long pants and long-sleeved shirt and apply with the wind to your back. Wash nondisposable gloves thoroughly with soap and water before removing. Clothing worn while handling this product must be laundered separately from other clothing before reusing.

ORTHO Rose & Floral Dust Formula IV may be Land as a dust or spray. For best results, dust or spray in early morning or late evening when temperature is low and air is still. Apply so all exposed parts of plants are contacted, especially upper and lower leaf surfaces. Do not apply to crops to be used for food or feed.

As a Spray: Mix 3 to 4 Tablespoonfuls in a little water to make a thin paste, add to 1 gallon water and aurtate during application. Make new dilution for each use.

As a Dust: Apply a light film of dust to all parts of plant. Do not over-apply.

For Insect Control: Apply when insects first appear and repeat at 5 to 10 day intervals or as necessary

For Disease Control: Start program of dusting as soon as foliage appears. Repeat at 1 to 2 week intervals for best
