ORTHO<sup>®</sup> Lindane 60-15 Seed Protectant is a special formulation containing captan and lindane for seed treatment application. It will protect seeds against seed rot and seedling diseases and give temporary protection of germinating seeds and young seedlings from wireworms and seed corn maggots. Apply in a slurry treater. Do not allow slurry mixture to stand overnight.

**DO NOT TAKE INTERNALLY**  
**DO NOT INHALE**  
**DO NOT GET ON SKIN**

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION:** Harmful if swallowed. Avoid breathing dust or spray mist. Wear a chemical cartridge respirator approved by the U.S. Bureau of Mines. Work in a well-ventilated room. May Be Absorbed Through Skin. Avoid contact with skin and eyes. Wash thoroughly after handling.

**Note to Physicians:** Emergency information: call 415-233-3737. Do not store or treat grain, feed or food. Do not use treated seed for human consumption. Do not feed treated seed to animals. Treated seed should be labeled as follows: "TREATED SEED. DO NOT USE FOR FOOD, FEED OR OIL." Avoid lengthy storage of treated seed to prevent loss of Lindane. When seed is treated in a slurry treater, do not store sacks of seed after treatment until seed has had a chance to dry, due to moisture content from the treatment. There may be some cracking of the seed coat in the case of large seeds, but this is not a problem where untreated seed, but cracks. This is not objectionable from a seed quality, germination viewpoint. Do not use on baby lima beans.

This product is toxic to fish and wildlife. Do not apply or allow to be applied to or contaminate any body of water. Treated seed exposed to soil surfaces may be hazardous to birds and wildlife.
