 PRECAUTIONARY STATEMENTS.

NET WEIGHT 10 POUNDS

NOTE: This product is sold by weight and package is full when packed. Due to fluffly nature this material is inclined to settle.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS DANGER

Causes irreversible eye damage. Harmful if swallowed or inhaled. May cause allergic skin reactions. Do not get in eyes. Wear goggles or face shield when handling. Avoid contact with skin and clothing. Avoid inhalation of dust. Remove and separately launder clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT

In case of eye contact, immediately flush eyes with fresh water for 15 minutes and see a doctor. If swallowed contact physician, poison control center, or emergency clinic before inducing vomiting. Give water or milk to drink and induce vomiting by touching back of throat with finger, or by administering syrup of ipecac. Do not induce vomiting or give anything by mouth to an unconscious person. If medical advice cannot be obtained, take person and a copy of the label or technical bulletin to the nearest emergency treatment facility. For skin contact wash with plenty of soap and water. See a doctor if irritation occurs or rash develops. If needed, remove person from exposure area.
Note: Physicians: Emergency Information—call (415) 233-3737.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. In the event that treated seeds are spilled and cannot be salvaged, completely cover them with soil.

~~DELETED ENDANGERED SPECIES STATEMENT~~

DIRECTIONS FOR USE

This is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

Mixers/loaders when mixing and loading this product must wear a long sleeved shirt and long pants or a coverall that covers all parts of the body except the head, hands and feet. Wear chemical resistant gloves, goggles or a face shield and a chemically resistant apron. Fieldworkers and harvesters must wear chemical resistant gloves if entering treated areas within 4 days following application.

Leather or fabric gloves are not acceptable. A dust mask must be worn when mixing and loading this product.

AFTER WORK: Take off all clothes and shoes. Shower using soap and water. Do not wear contaminated clothing. Wash protective clothing and equipment with soap and water after each use. Personal clothing worn during use must be laundered separately from household articles. Clothing and protective equipment heavily contaminated or drenched with captan must be destroyed according to state and local regulations.

MEASURING CUP ENCLOSED

BEST AVAILABLE COPY

DIRECTIONS: MEASURING CUP ENCLOSED

(One level cup holds approximately 4 ounces of product.)

For improved mixing of product with seed, the following procedure is suggested: Fill planter box only half full of seed, add half the required amount of ORTHO Soybean Seed Protectant and mix thoroughly with a stick. Then put remainder of seed in planter box and add the rest of the required ORTHO Soybean Seed Protectant, mixing thoroughly again. Good results are also obtained by premixing seed with ORTHO Soybean Seed Protectant in a suitable container, then pouring treated seed into planter box.

SOYBEANS: Use ORTHO Soybean Seed Protectant as a planter box treatment at the rate of 4 ounces per bushel or 7 ounces to 100 lbs. seed.

PEANUTS: Use ORTHO Soybean Seed Protectant as a planter box treatment at the rate of 2 to 4 ounces per bushel or 4 to 6 ounces per 100 lbs. seed.

ORTHO Soybean Seed Protectant is a specifically designed formulation of ORTHOCIDE for the treatment of soybean and peanut seeds. Seed protection is afforded sound and/or mechanically injured seed against seed and soil-borne diseases such as seedling blights, damping-off and seed decay organisms at planting time.

Designed specifically for seed protection at planting time, ORTHO Soybean Seed Protectant requires no additional seed handling to have seed treated, thus lowers the percentage of cracked or "split" seed planted. At recommended dosage rates, this product assures adequate seed coverage and allows any excess to flow down with the seed into the seed furrow thus affording maximum protection. Can be used on previously treated seed.

Do not feed treated seed to animals. Do not use treated seed for human consumption. Seeds treated with ORTHO Soybean Seed Protectant, sold or shipped as feed or foodstuffs may be considered adulterated under State and Federal laws. Treated seed must be labeled as follows: "TREATED SEED. DO NOT USE FOR FOOD, FEED OR OIL"

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited.

STORAGE

Keep pesticide in original container. Store in cool, dry place.

Protect from excessive heat.

Do not store or transport near feed or food.

For help with any spill, leak, fire or exposure involving this material, call day or night (415) 233-3737.

PESTICIDE DISPOSAL

This product is acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Do not reuse container. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

CONDITIONS OF SALE: 1. Chevron Chemical Company (Chevron) warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed hereon. Chevron neither makes, nor authorizes any agent or representative to make, any other warranty of FITNESS or of MERCHANTABILITY, guarantee or representation, express or implied, concerning this material.

2. Critical and unforeseeable factors beyond Chevron's control prevent it from eliminating all risks in connection with the use of chemicals. Such risks include, but are not limited to, damage to plants and crops to which the material is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated hereon and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by Chevron under 1 above) resulting from handling, storage, and use of this material.
