DIRECTIONS

STORED GRAIN

For the Protection of Stored Grains such as Wheat, Oats, Rice, Corn, Rye, Barley, Grain Sorghum against Confused Flour Beetle, Rice Weevil, Granary Weevil, Saw-toothed Grain Beetle, Flat Grain Beetle, Red Flour Beetle, Rusty Grain Beetle, Lesser Grain Borer, Cereal Leaf Beetle, Indian Meal Moth, etc.

INDIAN MEAL MOTH

PEANUT: For Protection against Stored grain insects, etc.

RESIDUAL SPRAY

For Residual Wall, Floor and Machinery Spray in Grain Elevators.

In Treating Truck Beds, Box Cars and Ships' Holds before loading grain, use 1 gallon to 5 gallons of water making thorough spray application, including all cracks, corners, crevices and ceiling areas. Before applying spray clean elevators, box cars, etc thoroughly. Remove and burn all sweepings and debris.

NOTE

CHEVRON[®] Grain Spray may be used under the requirements of the Knapra Beetle Quarantine where water or diesel oil emulsions are indicated as preferable by the current quarantine instructions.

CAUTION

Harmful if swallowed. Avoid breathing of spray mist. Avoid contact with skin. Wash thoroughly after using. Avoid contamination of feed and foodstuffs. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME. When container is empty, immediately wash thoroughly and destroy. Never re-use. Malathion may be toxic to certain species of fish, particularly in shallow water.

NOTICE ON CONDITIONS OF SALE: 1. Chevron Chemical Company warrants that the material conforms to the chemical description on the label and is reasonably fit for use as directed herein. Chevron neither makes nor authorizes any agent or representative to make any other warranty, guarantee or representation, express or implied, concerning this material.

Because of the unforeseeable factors beyond Chevron's control prevent it from eliminating all risks in connection with the use of this material even though reasonably fit for such use, buyer and user acknowledge and assume all risks and liability (except those assumed by Chevron under 1 above) resulting from handling, storage and use of this material. These risks include, but are not limited to, damage to plants, crops and animals to which the material is applied, failure to control pests, damage caused by pests to other plants, crops and personal injury. Buyer and user shall assume the material on these conditions, whether or not they have been made known to them.
