

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS, WARNINGS AND DIRECTIONS.

KEEP PESTICIDE IN ORIGINAL CONTAINER. DO NOT PUT CONCENTRATE OR DILUTE INTO FOOD OR DRINK CONTAINERS.

DIRECTIONS

ORTHO Ready-To-Use CONTAX Weed & Grass Killer is a non-selective, easy to use herbicide that top kills weeds and grasses on contact. No mixing or measuring is required. Just attach the hand operated applicator as directed and spray to control unwanted vegetation around trees, shrubs, buildings, in brick and gravel walks, patios and along fences, sidewalks, driveways, curbs and gutters. Will not stain gravel or paved areas.

WHEN TO APPLY

ORTHO Ready-To-Use CONTAX Weed & Grass Killer can be applied any-time during the growing season, but best results are obtained during warm sunny weather when applied to actively growing unwanted vegetation. Sunlight and temperatures above 80°F accelerate the destruction of treated vegetation. **To avoid drift to desirable plant foliage, apply only when air is calm.** Heavy lawn grass or difficult to control perennial weeds such as bermudagrass and dallisgrass may require more than one application to give complete control of top growth.

HOW TO APPLY

Attach applicator to ORTHO Ready-To-Use CONTAX Weed & Grass Killer

container. Pump handle of applicator until liquid comes from nozzle tip usually takes 5-6 pumps to prime applicator. Turn the adjustable nozzle to deliver the type of spray pattern desired. For controlling weeds in brick and gravel walks and patios, along fences and in other unconfined areas, adjust to deliver a coarse wet spray. Coarse sprays are less likely to drift. For application around trees and shrubs and other confined areas where it is important to control the spray, adjust nozzle to deliver a jet stream. **Make sure that spray does not contact the leaves, green bark, bud crowns, or broken bark on trees and ornamentals.**

Spray unwanted vegetation thoroughly to point of runoff. Under warm sunny conditions wilting will occur in 1 to 3 days and complete browning in 5 to 7 days.

WARNING: May be fatal if swallowed. Avoid contact with skin and eyes. Avoid breathing spray mist. Wash hands after using. Avoid contamination of feed and foodstuffs. Do not use in vegetable gardens. Keep children and domestic animals off treated areas until this material has been washed into the soil. Do not contaminate water used for irrigation or domestic purposes.

FIRST AID: If taken internally, induce vomiting and call a physician at once. When container is empty, immediately wash thoroughly and destroy. Never re-use.

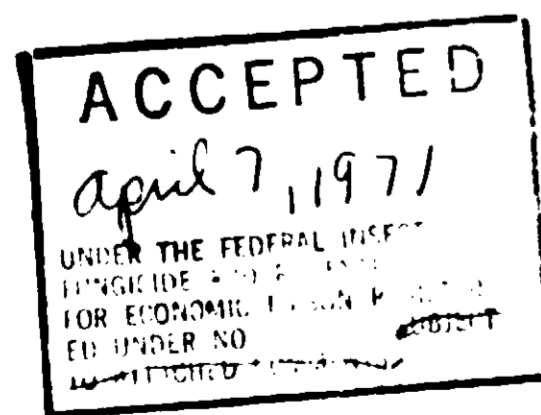

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

TOP KILLS **NO MIXING**
Weeds and Grasses On Contact Around **NO MEASURING**
Patios, Walks, Driveways, Fences, Sidewalks, Curbs
