PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes eye and skin irritation. Harmful if swallowed. Do not get in eyes, on skin or clothing. Avoid contamination of food, utensils and food preparation areas. Remove pets from area before spraying. Wash thoroughly with soap and warm water after handling.
STATEMENT OF PRACTICAL TREATMENT: If swallowed, telephone a Poison Control Center, emergency treatment center or a physician for advice. DO NOT make person vomit unless directed to do so by medical personnel. If medical advice cannot be obtained, then immediately take the person and container to an emergency treatment center. In case of skin contact, wash skin with soap and water. For eye contact, immediately rinse eyes with plenty of fresh water. See a doctor if eye and skin irritation persists. **Notes to Physicians:** Emergency Information: call 1-800-457-2022. This product contains a cholinesterase inhibitor. If signs and symptoms of cholinesterase inhibition develop, atropine is antidotal. 2-PAM is also antidotal and may be given in conjunction with atropine, but should not be used alone. This product also contains light hydrocarbon liquid and an aspiration hazard may exist.

ENVIRONMENTAL HAZARDS: Avoid contamination of fish ponds. **PHYSICAL OR CHEMICAL HAZARDS:** Extremely Flammable. Contents under pressure. Do not use or store near fire, flame, sparks, heated surfaces or other sources of ignition. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Most bees and wasps are beneficial, however, when their nests are built too close to windows, doorways, or children's play areas, they may be dangerous and should be killed.

DIRECTIONS (FOR OUTDOOR USE ONLY) FOR CONTROL OF HORNETS, WASPS AND YELLOW JACKETS: Apply after dark when all of the insects have returned to the nest. Remove protective cap. Hold container in upright position to spray. Aim valve opening at nest, hold at arms length and depress button, soaking the entire nest with spray.

Spray jet will reach nests up to 20 feet above ground. Repeat as necessary. Avoid spraying plant foliage as injury may occur. Do not use as a space spray. For outdoor use only. Avoid excessive wetting of asphalt, rubber, and plastic materials.

OTHER USES—OUTDOORS ONLY: For Control of Clover Mites, Crickets, Earwigs, Flies, Millipedes, Sawbugs, and Brown Dog Ticks: Spray infested areas thoroughly including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may enter or harbour. FOR ANTS, spray hills and runways. Repeat as necessary. Do not spray vegetation. Do not use as a space spray.

FOR SPIDERS—OUTDOORS ONLY: Spray directly on spiders and treat webs and tracking areas around porches, under eaves, along foundations, similar outdoor areas. Repeat as necessary. Spray may cause injury to flowers and ornamentals. Before using on easily stained surfaces, test a small spot before giving full treatment.

STORAGE AND DISPOSAL

STORAGE: Store in a secure, preferably locked storage area away from heat or open flame.

DISPOSAL: PRODUCT: Unused product may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER: Replace cap and discard container in trash. Do not incinerate or puncture.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
