READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS AND DIRECTIONS.

KEEP VENT CAP IN ORIGINAL CONTAINER. DO NOT PUT CONCENTRATE OR DILUTE INTO FOOD OR DRINK CONTAINERS.

Shake well before using. Do not use diluted spray. Make new dilution for each use.

### DIRECTIONS

For dormant use only. Ortho Dormant Insect Control oil spray is used for the control of certain insects on plants and trees. Use this oil spray on dormant plants. Apply to the plant by spraying it with the product. ORTHO SPRAYETTE type sprayer is recommended.

**WHEN TO APPLY**—ORTHO Dormant Insect Control can be used for dormant use only when the daytime temperature is above 45° F. and the temperature is not expected to drop below freezing that night. Best results can be obtained if you spray the plants after the buds begin to open. Do not spray plants before the buds begin to open.
