Inert Ingredients	89.2%
*SEVIN® Reg. TM of Union Carbide Corp. for Carbaryl insecticide	
**DD dimethyl dithiophosphate of diethyl mercaptosuccinate	
***N (1-trichloromethylthio)phthalimide (PHALTAN®)	
****KELTHANE® Reg. TM of Rohm & Haas Co	

Keep out of reach of children

CAUTION

See back panel for additional precautionary statements

NET WT. 7 OZ.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Causes eye irritation. Avoid breathing dust. Avoid contact with eyes, skin, or clothing. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT

If swallowed, DO NOT make person vomit unless directed to do so by a doctor. Immediately take person and container of product to, or if not possible, call a doctor or an emergency hospital. If on skin, wash thoroughly with soap and water. If in eyes, flush eyes immediately with fresh water for 15 minutes. If irritation continues, see a doctor.

Note to Physicians: Emergency Information—call (415) 233-3737. Malathion and Carbaryl are cholinesterase inhibitors. If signs and symptoms of cholinesterase inhibition develop, atropine sulfate is antidotal.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Apply ORTHO Rose & Flower Jet Dust in early morning or late evening when the temperature is low and the air is still. Hold can 18-24 inches from plant. Press button, using brief one second bursts to lightly cover all exposed plant parts, especially upper and lower leaf surfaces. If aimed properly and air is still, dust from short bursts will penetrate in and around foliage and cover surfaces. This container will treat up to 33 average size (3 ft. diameter) rose bushes. Not for use on house plants inside the home.

FOR INSECT CONTROL: Treat thoroughly when damage or insects first appear. Repeat as necessary.

FOR DISEASE CONTROL: Start regular preventive program of treatments as soon as foliage appears. Under normal conditions, apply every 7 to 10 days during growing season. Treat at least weekly during periods of moderate infection and twice weekly during periods of rapid new growth and severe infection caused by continuous summer rains or high humidity. Reapply after sprinkler or overhead irrigation or rainfall. NOTE: Do not use on certain ferns including Boston, Maidenhair, and Pteris, as well as on some species of Crassula (example: Jade Plant). Do not use on Boston Ivy or Japanese Maple. Do not use within 2 weeks of an oil spray treatment.
