DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

ORTHO Multipurpose Rose & Flower Spray effectively controls many of the insects, mites and diseases that attack roses, flowers and ornamentals. Systemic action enables part of the insecticide to be absorbed internally through leaf and stem surfaces to provide longer, more effective protection.

GENERAL DIRECTIONS

Use ORTHO Multipurpose Rose & Flower Spray at the rate of 2 Tablespoonfuls (1 fl. oz.) per gallon of water. Spray thoroughly to cover all plant surfaces (both upper and lower leaf surfaces) including new growth. May be applied with an ORTHO SPRAY-ETTE, ORTHO Lawn & Garden Sprayer (foliage setting), tank type or power sprayer. Does not require the addition of wetting agents.
