SUBJECT: Application for Pesticide Notification (PRN 98-10)
Request Alternate Brand Name(s) "Ortho RosePride Insect Disease & Mite
Control" and "Ortho Orthenex Insect & Disease Control" and General Label
Changes
EPA Reg. No. 239-2476
Application Dated July 22, 2008

Dear Registrant:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 07/22/08 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

Re: Ortho® Systemic Rose & Floral Spray (EPA Reg. No. 239-2476)
Notification of ABN's and General Label Revisions per PR Notice 98-10

Dear Ms. Eagle:

The Scotts Company respectfully requests the approval of the attached Application of Registration for a Notification of general label revisions. Included with this cover letter are the following:

- Completed Application for Registration (EPA form 8570-1)
- Two copies of the updated Master Label with changes highlighted
- Two, "clean" copies of the updated Master Label

Alternate Brand Names (ABN's) are:

- Ortho® RosePride® Insect, Disease & Mite Control
- Ortho® Orthenex® Insect & Disease Control

The following lists the additional marketing language, section headings, other minor text, and company-specific information that have been added to our Master Label. Also, for clarification purposes, previously approved marketing text has been bracketed to note optional label language.

- "[For use on Roses, Flowers & Ornamental Shrubs]"
- "[Tree Icon] OUTDOOR USE ONLY"
- "SHAKE WELL BEFORE USING"
- "PRODUCT FACTS"
- "WHERE TO USE"
- "Emergency Information call 1-800-225-2883"
- "Questions, Comments or Medical Information 1-800-225-2883 www.ortho.com"
- "The ORTHO Guarantee If for any reason you are not satisfied with this product, mail us proof of purchase to obtain a full refund of your purchase price."

"This notification is consistent with the provisions and guidance of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product maybe in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

ORTHO Systemic Rose & Floral Spray controls the broad range of insect pests on the plants listed below when used as directed. It kills by both contact and systemic action. It prevents insect reinfestation for periods of up to 2 weeks. It also controls blackspot and rust on roses and powdery mildew on roses, crape myrtle and calendulas and other listed plants.

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact people or pets either directly or through drift. Keep people and pets out of area during application. Do not use on food bearing shrubs or trees. For use on non-edible plants only.

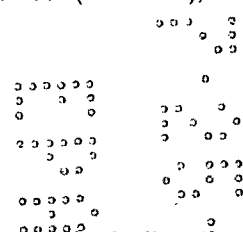

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

[PRODUCT FACTS]

Kills Insect/Pests & Mites: Aphids, Armyworms, Bagworms, Budworms, Cuban Laurel Thrips, Diabrotica Beetles, Flower Thrips*, Lace Bugs, Leafhoppers, Leafminers, Leaf tiers, Mealybugs*, Mites* (Two Spotted, Southern Red), Oleander Caterpillar, Rose Midge*, Salt Marsh Caterpillar, Scales* (Crawlers), Spittlebug, Whitefly*.

Stops & Prevents Diseases:

- ♦ Black spot on roses
- ♦ Rust on roses
- ♦ Powdery mildew on calendulas, crapemyrtle, roses and other listed plants

[WHERE TO USE] On roses, flowers, ornamental shrubs and ornamental shade trees including the following plants: Ageratum, Ardisia, Aster, Azalea, Bald Cypress, Birch, Calendula, Camellia, Carnation, Cherry Laurel, Chrysanthemum, Coleus, Crape Myrtle, Croton, Cuban Laurel (Ficus), Dahlia, Euonymus, Flowering Almond, Flowering Crabapple, Fuchsia, Gardenia, Ivy, Juniper, Marigold, Myrtle, Oak, Oleander, Orchid, Petunia, Poinsettia, Poplar, Purple Passion, Pyracantha, Red Cedar, Red Maple, Rose, Salvia, Snapdragon, Spirea, Sycamore, Viburnum, Willow, Yaupon(Holly), Zinnia.

*Spray 2 to 3 times about 7 to 10 days apart to kill these harder-to-kill pests. (For hard to control pests such as whiteflies, Cuban laurel and flowerthrips, Mealybugs, two-spotted and southern red mites, rose midge, and scales (crawlers): It may be necessary to spray 2 to 3 times, waiting 7 to 10 days between each application.) Additional sprays may be needed if plants become reinfested.

WHEN TO APPLY: Spray before disease appears or at first sign of insects or mites. Repeat at 7 to 10 day intervals when insect populations occur. Do not apply to wilted plants. (For Diseases: Apply every 7 to 10 days if disease conditions persist./For Insect and Disease Control – Spray weekly, starting before disease appears or at first signs of pests. Repeat at 7 to 10 day intervals.) Spray in the morning not in the heat of midday. Do not apply to wilted plants.

HOW TO APPLY: Hold can upright 18" from plants. Holding can too close to foliage may damage tender foliage. Apply a light spray covering upper and lower leaf surfaces. Protect plastic, enameled, varnished, and painted surfaces from spray. Not for use on houseplants inside the home.

STORAGE AND DISPOSAL

STORAGE: Store in a secure, preferably locked storage area away from heat or open flame.
DISPOSAL: Do not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

Do not allow people or pets to enter the treated area until sprays have dried.

FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to physician: Acephate is a cholinesterase inhibitor. If signs and symptoms of cholinesterase inhibition develop, atropine sulfate is antidotal; 2-PAM (PROTOPAM) may also be given in conjunction with atropine but should not be used alone.

Emergency Information call 1-800-225-2883.

ENVIRONMENTAL HAZARDS: This pesticide is highly toxic to fish. This pesticide is toxic to birds. Do not apply directly to water. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Avoid contamination of food. Do not contaminate water supplies.

PHYSICAL OR CHEMICAL HAZARDS: Extremely Flammable. Contents under pressure. Keep away from fire, flames, sparks, heated surfaces or other sources of ignition. Do not puncture or incinerate container. Exposure to sunlight or temperatures above 130°F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
