**DIRECTIONS**

ORTHO Tomato Vegetable Dust may be used as a dust or spray. To apply, just squeeze Tap bottom lightly and shake before first use. Dust at any angle. For best results, dust or spray in early morning or late evening when temperature is low and air is still. Apply so all exposed parts of plants are contacted, especially upper and lower leaf surfaces.

**As a Spray:** Mix 3 to 4 Tablespoonfuls in a little water to make a thin paste, add to 1 gallon water and agitate during application. Make new dilution for each use.

**For Insect Control:** Apply when insects first appear and repeat at 5 to 10 day intervals or as necessary.

Can be used on Beans up to within 3 days of harvest, on Raspberries within 14 days of harvest, on Potatoes within 1 day of harvest, and on other listed food crops up to within 7 days of harvest.

Remove residues from food crops by washing before use. Refillable Duster. Remove top closure to refill.
