

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes eye irritation. Avoid contact with eyes. Wash thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT: In case of eye contact, immediately flush eyes with fresh water for 15 minutes. If irritation persists, see a doctor. Note to Physicians: Emergency information - call (415) 233-3737. DURSBAN is a cholinesterase inhibitor. If signs and symptoms of cholinesterase inhibition occur, atropine is antidote. 2-PAM is also antidote and may be used in conjunction with atropine but should not be used alone.

ORTHO Mole Cricket Bait Formula III is ready-to-use product that controls Mole Crickets in home lawns and turf areas.

ORTHO

MOLE CRICKET BAIT

FORMULA III

Ready-To-Use Granular Bait

Treats 1,500 Sq. Ft. of Lawn

Contains DURSBAN[®] Insecticide

Active Ingredient

Chlorpyrifos (O,O diethyl O-3,5,6-trichloro-2-pyridyl phosphorothioate)

Inert Ingredients

DURSBAN[®]—Reg. TM of The Dow Chemical Company
For Chlorpyrifos Insecticide.
U.S. Pat. No. 3,244,586

By Wt

0.5%
99.5%

Keep out of reach of children

CAUTION

See side panel for additional precautionary statements.

DIRECTIONS

Mole Cricket Control: Mole crickets are soil-dwelling insects that damage lawns by feeding on roots and grubs. They tunnel through the soil, creating irregular holes and mounds of earth. The damage is most noticeable in late summer or early fall. Mole crickets are most active in lawns that are over-fertilized and have a high pH. They are also attracted to lawns that are over-watered. The most common signs of mole cricket damage are irregular holes and mounds of earth. The holes are usually 1/2 to 1 inch in diameter and 1 to 2 inches deep. The mounds are usually 1 to 2 inches high and 1 to 2 inches in diameter.

How To Apply: Apply 1/2 lb. of bait per 1,500 sq. ft. of lawn. Use a broadcast spreader to apply the bait evenly. Water the lawn thoroughly after application. Do not water the lawn for 24 hours after application. If rain should occur within 36 hours after treatment, the lawn should be retreated.

Important: Do not apply to lawns where pets are present. Do not pet eat or graze on food crops.

STORAGE AND DISPOSAL

STORAGE: Keep in original container. Do not put into food or drink containers. Avoid contamination of feed and food. Store in a cool, dry place, preferably in a locked storage area.

DISPOSAL: PRODUCT: Empty containers may be disposed of by double wrapping and putting in several layers of newspaper or other material. CONTAINER: Do not reuse bag. Do not burn or incinerate.

NOTICE: Read all insecticide labels carefully. Do not mix or use in conjunction with other pesticides unless directed to do so.
