

ORTHO

Crabgrass Killer Spray

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Avoid contact with skin or clothing. Avoid breathing spray mist. Do not allow children or animals on treatment area until after rainfall or when normal irrigation practice is resumed 2 days after treatment. Wear protective clothing when handling or applying this product, including long pants, long-sleeved shirt and rubber gloves and boots. Do not graze treated areas or feed livestock treated forage.

STATEMENT OF PRACTICAL TREATMENT: In case of skin contact, wash skin thoroughly with soap and water. If inhaled, remove person from exposure area. Note to Physicians: Emergency Information - call (415) 233-3737.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

ORTHO Crabgrass Killer Spray will kill the weeds listed below on all of the major ornamental turfgrasses (including Dichondra, Bent, and Fescue grasses). Do not use on St. Augustine, Carpet and Centipede grasses.

KILLS: Crabgrass (Smooth and Hairy), Barnyardgrass, Dallisgrass, Goosegrass, Sandbur, Foxtails, Bull Paspalum, Vaseygrass, Nutgrass (Nutsedge-Purple and Yellow), Dandelion (thorough coverage is essential).

HOW TO USE: Shake before using. Fold back protective hinged tab exposing nozzle and snap in place on sprayer top. Adjust spray nozzle to give a coarse spray. Note: For spot application on individual weeds, adjust nozzle to stream position. Hold container about 12 inches from weed being sprayed. To avoid temporary injury to desirable lawn grass, aim at center of weed and spray until slightly wet. Weeds should die within 5 to 7 days after application. Higher temperatures result in quicker uptake for faster control.

WHEN TO USE: Soil should be moist before treatment. Do not water for two days after treatment, then resume watering particularly during hot, dry weather. One application may be sufficient if applied when seedlings are less than 2 inches tall. Two applications 4 to 7 days apart are generally needed for control of medium to mature plants. Follow-up spot sprays may be necessary as new crabgrass seedlings germinate. Spots in lawns may be reseeded when weeds are dead, or fertilize entire lawn to promote growth of desirable grasses to fill in spots. On newly seeded lawns do not spray until after two mowings. Bent, Fescue, Hybrid Bermuda, and Dichondra lawns are more sensitive and may be temporarily discolored.

IMPORTANT: Do not use this product for controlling weeds in vegetable gardens, flower beds or around shrubs or ornamental plants.

- For Spot Treating Crabgrass in Lawns.
- Also Kills Nutgrass, Dallisgrass, Barnyardgrass, Foxtails & Many Other Grassy Weeds Without Harming Listed Lawn Grasses.
- Ready-To-Use; No Mixing.

NUTGRASS

Active Ingredients	By Wt.
Calcium acid methanearsonate	0.50%
Inert Ingredients	99.50%
Total arsenic as elemental.	
All water soluble 0.25%.	

KEEP OUT OF REACH OF CHILDREN.

CAUTION

See Back panel for additional precautionary statements.

NET CONTENTS
1 PT. 8 FL. OZ.

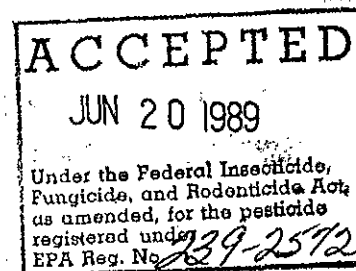

STORAGE AND DISPOSAL

STORAGE: For storage, reseal by replacing tab closure over spray nozzle. To store, rotate nozzle to closed position. Keep from freezing. Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area. **NOTE:** After each use, rotate nozzle to closed position. Store sprayer nozzle under handle on container above liquid level of contents to prevent leakage and siphoning from nozzle.

DISPOSAL: PRODUCT—Partially filled container may be disposed of by securely wrapping in several layers of newspaper and discarding in trash.

CONTAINER—Do not reuse empty container. Rinse thoroughly before discarding in trash.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
