OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

September 16, 2011

Claudia Herrington, Esq.
The Scotts Company, LLC
14111 Scottslawn Road
Marysville, OH 43041

Subject: Amended Reregistration Label
Product Name: Ortho Roach, Ant, & Spider Killer
EPA Registration Number: 239-2679
EPA Decision Number(s): 414196

Dear Ms. Herrington:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the reregistration of the referenced product in connection with the MGK-264 RED, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that, should you wish to add/retain a reference to the company's website on your label, the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 2/10/11
- Alternate CSF #1, dated 2/10/11

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Dana Pilitt, Ph.D. at (703) 305-7071 or via e-mail at pilitt.dana@epa.gov.

Sincerely,

Richard J. Gebken
 Product Manager (10)
 Insecticide Branch
 Registration Division (7504P)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL.

[*Re-entry icon*] Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

Remove pets, birds, cover fish aquariums before spraying.

Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Not for use in outdoor residential misting systems.

Do not wet articles to point of runoff or drip.

Do not use treated articles until spray has dried.

Do not make applications during rain.

All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

PRODUCT FACTS

KILLS INSECTS (pests identified on product packaging may include any/all of the following):

ants, boxelder bug, brown dog ticks, carpet beetles, centipedes, cigarette beetles, cockroaches, confused flour beetles, crickets, earwigs, fleas, Indian meal moths, rice weevils, sawtoothed grain beetles, scorpions, silverfish, sowbugs, and spiders (including black widow spiders).

WHERE TO USE

To kill ants, black widow spiders, carpet beetles, centipedes, cigarette beetles, cockroaches, confused flour beetles, crickets, Indian meal moths, rice weevils, sawtoothed grain beetles, scorpions, silverfish, sowbugs and spiders: spray areas where these insects are found or may hide, including:

- dark corners of rooms and closets
 - cracks and crevices in walls
 - along baseboards and door and window frames
 - behind and beneath sinks, stoves, refrigerators and cabinets
 - around garbage cans, plumbing and other utility installations.
 - ant trails and around doors and windows.
- Wherever these pests enter the home

To kill black carpet beetles

Spray along baseboards and edges of carpeting, under carpeting, rugs and furniture, and wherever these insects are seen or suspected of hiding.

NOTE:

Bold, italicized text is information for the reviewer and is not part of the label.
[Bracketed information is optional text]. Text separated by / denotes and/or options.

To kill brown dog ticks and fleas

Spot treat: Pet beds and resting quarters

Nearby cracks and crevices

Along and behind baseboards, window and door frames and localized areas of floors and floor coverings where these pests may be present.

Remove old pet bedding and replace with clean fresh bedding after treatment.

Do not spray pets with this product.

Treat pets with a registered flea and tick control product before returning pet to treated areas.

For crack and crevice treatment: of ants, black widow spiders, brown dog ticks, carpet beetles, cockroaches, crickets, fleas, scorpions, silverfish, sowbugs and spiders: Apply in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where these insects hide.

Flies and mosquitoes: Use only outdoors to control these pests. Spray outside surfaces of window and door frames and other areas where these pests may enter the home.

Spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may be found. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat when needed.

HOW TO USE

Point nozzle toward surface to be sprayed and press button. Spray areas until wet.

DO NOT spray up into air.

Spray directly on insects when seen.

DO NOT spray on plants.

DO NOT treat pets with this product.

To Spray Food Storage Areas (required only if food storage area uses are listed on label)

Remove all food and shelving paper before spraying.

Discard infested food packages.

Spray shelves and in cupboards where infested food containers were stored.

Replace food packages after spray has dried. Replace shelving paper.

STORAGE AND DISPOSAL [trashcan icon]

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Keep container tightly closed.

PESTICIDE AND CONTAINER DISPOSAL: Do not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS [Icon]
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID [first aid icon +]

If swallowed: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Note to Physicians: Emergency Information call 1-800-225-2883. This product contains a light petroleum solvent and may present an aspiration problem.

ENVIRONMENTAL HAZARDS

Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to the possibility of shock hazard.

NOTE to PM: *Scotts has the data for the asterisked claims*

OPTIONAL NON-PESTICIDAL CLAIMS (claims may appear on any or all label panel(s))

- Apply along (and behind) baseboards
- Apply around (and behind) appliances
- Apply beneath (and behind) sinks
- Apply in other areas where insects are often found: In cracks and crevices, around pipes and plumbing, around waste containers, in dark corners of rooms, cabinets and closets.
- Change the way you spray
- Consistent spray for maximum accuracy
- Consistent! even coverage
- Does not stain (fabrics, floors, wood, surfaces)
- Easy to use
- Gets into cracks and crevices
- Guaranteed (results)*
- Ideal (Great) for large or small jobs (areas) (rooms)
- Light(Iy) scent(ed)
- No greasy residue
- Non-staining
- No Sticky Mess
- Proven (formula) (technology)
- Proven results (technology)
- Ready to use
- Save(s) time and energy
- The easy way to spray

NOTE:

[Bracketed information is optional text]. Text separated by / denotes and/or options.

- Use (Can be used) in garages[s] and/or basement[s] and/or attic[s].
- Use with confidence in garage [s] and/or basement [s] and/or attic [s].
- Use (Can be used) in (bathrooms), (kitchens), (family rooms), (pantry) and (bedrooms)
- Use with confidence in the kitchen (and/or family room) (and/or bedroom) (and/or bathroom)
- Won't Stain (Carpets and floors)
- Works on all listed surfaces
- You're always ready to spray

OPTIONAL PESTICIDAL CLAIMS (claims may appear on any or all label panel(s))

- A weapon in your defense (against bugs)
- A weapon in the war against bugs
- Also kills brown dog ticks
- Bug stopping power
- Dual action formula
- Fast Acting plus Long Residual*
- FAST Knockdown*
- Flushes hidden pests out of hiding places and kills them
- Gets to the places bugs hide
- Great (your) weapon for the war (fight) against bugs
- Guards against bugs so you don't have to
- Guards against the bugs you can't (don't) see
- Just one shot (squirt) (spray) and bugs stop in their tracks
- Just one shot (squirt) (spray) and bugs stop (die) within seconds
- Keeps on killing after the spray has dried
- Keeps on killing for up to 15 weeks
- Keeps on killing for weeks (for up to 15 weeks)
- Kills Roaches, Ants, Fleas, Spiders, Earwigs, Silverfish, and other listed insects.
- Kills bugs in seconds
- Kills bugs inside (in) (indoors)
- Kills bugs inside
- Kills Insects & Spiders
- Kills on Contact [guaranteed]*
- Kills on Contact, keeps on killing (for up to 15 weeks)*
- Kills the bugs for you
- Kills Two (2) Ways: 1) Kills Bugs Fast (On Contact) and 2) It keeps on killing with residual action even after you spray
- Long lasting insect control*
- No more bug hunting
- Now kills German cockroaches for up to 15 weeks indoors (4 months) (an entire season)
- Quick knockdown plus Extended Indoor Residual Control*
- Reaches where bugs hide
- Stands guard against bugs
- Stops Ants & Roaches in Their Tracks!
- Stops (Kills) bugs dead in their tracks instantly
- Targeted bug kill
- Targets bugs in tight places
- Treats points of entry and trails
- Weapon in your defense (against bugs)
