Spray cracks and crevices along shelves in pantries. spray until slightly wet without soaking.

along the surfaces being treated.) (Apply a 4 in. band along the interior of your home in areas where insects are a re-occurring problem.) Spray until slightly wet without soaking.

along the surfaces being treated.) (Apply a 12 in. band along the exterior perimeter of your home. Spray until slightly wet without soaking.

Replace non-infested items once spray has dried

After You Apply

People and Pets may re-enter treated area after spray has dried.

- Thoroughly wash all food processing surfaces and utensils with soap and water before reuse
- Repeat as needed. Re-treatment is recommended at least once per season.

Fleas & Ticks (Including ticks that transmit Lyme Disease)
Do not spray animals. Pets resting quarters may be treated with this product. Spot treat infested areas such as pet resting quarters and localized areas of floors/floor coverings (rugs, carpet, tile, vinyl & wood) where pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of the pet area. To control the source of flea infestation, pets inhabiting the treated premises should themselves be treated with a product registered for application to animals.

Ants

Apply directly to ants and [ant] trails.

STORAGE & DISPOSAL

STORAGE: Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS & DOMESTIC ANIMALS

CAUTION: Do not apply this product to humans and animals.

FIRST AID:

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Note to Physician: Emergency Information call 1-800-225-2883.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas. Care should be used when spraying to avoid fish and reptile pets in/around ornamental ponds.

This product is highly toxic to bees exposed to direct treatment or residues on blooming plants. Do not apply this product or allow it to drift to blooming plants if bees are visiting the treatment areas.

PHYSICAL OR CHEMICAL HAZARDS: Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

NOTICE: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
