U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7504P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Registration
Number:

239-2709

Date of Issuance:

MAR 24 2011

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Term of Issuance: **Unconditional**

Name of Pesticide Product:
Ortho MAT28S RTU

Name and Address of Registrant (include ZIP Code):

The Scotts Company
d/b/a The Ortho Group
P.O. Box 190
Marysville, OH 43040

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA provided that you:

1. Submit and/or cite all data required for registration review/reregistration of your product when the Agency requires all registrants of similar products to submit data.
2. Submit one-year Storage Stability (Guideline 830.6317) and Corrosion Characteristics (Guideline 830.6320) studies within eighteen (18) months from the date of this notice.
3. Make note of the following in reference to the product labeling:
 - a. The marketing claim "new" can only be used for a period of six months from commercial introduction of this product.
 - b. Should you wish to retain a reference to the company's website on your label, then please be aware that the language presented in the website becomes labeling under the FIFRA and is subject to the false and misleading provisions of 40CFR§156.10(a)(5). Therefore, should the Agency find or if it is brought to our attention that a website contains claims substantially differing from the EPA approved §3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2
Notice of Registration
EPA Reg. No. 239-2709

The Basic and Alternate #A Confidential Statements of Formula (CSFs) dated July 30, 2010 are acceptable.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of the revised final printed label before you release the product for shipment. Products shipped after eighteen (18) months from the date of this Notice or the next printing of the label, whichever occurs first, must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA §6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions regarding this Notice, please contact Mindy Ondish at (703)605-0723 or at ondish.mindy@epa.gov.

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS: To protect the environment, do not allow pesticide to enter or run-off into storm drains, drainage ditches gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Product] Precautions and Restrictions

Do not allow people or pets to enter treated area until sprays have dried.

Do not use grass clippings from treated areas for mulch or compost. Grass clippings must either be left on the treated lawn or if allowed by local yard waste regulations, disposed of in the trash.

This product is for spot treatment only. [If you plan to [treat your entire lawn][make a broadcast application], use [Ortho® MAT28NS CONC] [Product Name].

This product will not harm your grass if applied as directed, though temporary discoloration may occur on some varieties of St. Augustinegrass.

This product applies 0.02 lb aminocyclopyrachlor per acre. Do not apply more than two times per year to the same area. Allow at least 2 months between applications.

IMPORTANT: Do not use this product for controlling weeds in vegetable gardens, flower beds or around shrubs or ornamental plants. Do not use on or around fruits, vegetables or flowers.

DO NOT use on areas where Dichondra, Lippia or desirable Clover is being grown as [turf]/[a lawn]

HOW AND WHEN TO APPLY

- Apply any time of day
- Apply on any turf type* *(excluding Bentgrass and Buffalograss)
- Apply any time weeds are actively growing [For best results, apply when day time temperatures are consistently above 60°F].
- Apply [on a calm day]/[when it is not windy].
- [Do not over-apply]/[Avoid over-application], especially under the [drip line] [drip zone] [shade canopy] of desirable shrubs and trees.

[WEEDS CONTROLLED] [KILL WEEDS]

Kills the following [major [broadleaf] weeds [that occur in your lawn]:

Some or all of the following weeds will appear on the product label

Black medic	Clover, hop	Dandelion	Healall
Buckhorn plantain	Clover, red	Dichondra	Lambsquarters
Carolina geranium	Clover, white	Dollarweed	Redroot pigweed
Chamberbitter	Common purslane	(Pennywort)	Spiny sowthistle
Clover, bur	Common vetch	Field bindweed	Stinging nettle
	Creeping buttercup	Florida betony

NOTE:

EPA Reg. No. 239-2709

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text.] Text separated by a / denotes and/or options.

Seeding/Sodding/Sprigging /Plugging

If you are planning to seed your lawn with a cool season grass type, [like Kentucky Bluegrass, Tall Fescue, Perennial Ryegrass, Fine Fescue] [there are no planting restrictions]/[you can seed any time after spray has dried]. If you are planning to sod, plug or sprig in your lawn, you should wait at least one month after you have applied [Ortho® MAT28S RTU] [Product Name]. [Do not sprig, sod or plant grass sprigs/plugs for at least one month after using this product.]

[Extreme Conditions]

[Apply anytime weeds are [present]/[actively growing].] [High temperature does not affect the efficacy of this product.] [Use caution whenever applying herbicides to drought stressed [plants]/[turf]/[lawns].]

[What to expect]

[Weed stems and leaves will begin to turn purple, twist and curl within 24 hours, but 2 weeks or more may be required for complete control. A second application may be necessary for larger weeds or heavy infestations.]

Directions For Use Options Based On Applicator

Option 1 – Conventional Trigger Small RTU

[Applicator (Device) (Applicator Name) Directions]

[HOW TO APPLY/USE]: [icon]

- Turn sprayer nozzle to open.
- Adjust sprayer nozzle as desired.

Option 2 – Conventional Trigger Large RTU

[Applicator (Device) (Applicator Name) Directions]

[HOW TO APPLY/USE]: [icon]

1. Remove sprayer from side clip. 2. Pull [color] hose connector and coil from the sprayer handle. 3. Insert hose connector into [color] spout on cap until it clicks into place. 4. Flip up spout. Adjust sprayer nozzle as desired, and spray.

Option 3 - Pull 'N Spray® II

[Applicator (Device) (Applicator Name) Directions]

[HOW TO APPLY/USE]

[Illustration #1]

- Remove sprayer from side clip and unwrap hose completely.
- Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks.
- Flip up spout. Spout must remain up while spraying.

[Illustration #2]

- Twist nozzle at end of sprayer to desired spray pattern.

NOTE:

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text.] Text separated by a / denotes and/or options.

[Illustration #3]

- Point sprayer away from body.
- Grasp sprayer by the handle.
- Slowly pull ring at bottom of sprayer handle until it stops
- Hold for two (2) seconds to allow product to fill the sprayer.

[Illustration #4]

- Press and hold button on sprayer to begin spraying.
- Pull ring at sprayer bottom again as needed to continue spraying.

[HOW TO APPLY/USE]: *[icon]*

Follow illustrations and instructions above. Twist nozzle at end of sprayer to desired spray pattern. Point sprayer away from body and press sprayer button to begin spraying. Pull ring at sprayer bottom again as needed to continue spraying.

Option 4 - Battery Sprayer

[Applicator (Device) (Applicator Name) Directions]

[HOW TO APPLY/USE]

[1. Remove] Remove [applicator name] from side clip *[Illustration #1 & 2]*

- Unwrap hose completely
- Remove protective strip from battery compartment to activate batteries

[2. Connect] Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks. Flip up spout. Spout must remain up while spraying *[Illustration #3]*

[3. Extend] Flip open [applicator name] wand until it locks into position *[Illustration #4]*

[4. Spray] Twist nozzle at end of [applicator name] to desired spray pattern. [Ensure trigger lock is disengaged before spraying.] Hold [color of trigger] trigger for continuous spray. *[Illustration #5]*

[HOW TO APPLY/USE:] *[icon]*

Follow illustrations and instructions above. Twist nozzle at end of [applicator name] wand to desired spray pattern. Point [applicator name] wand away from body and hold (color of trigger) trigger for continuous spray. Release trigger to stop spray.

[After Use: twist nozzle to OFF position. [Engage trigger lock.] Flip the [applicator name] wand closed and store on the side (carrier, holder, clip).]

Important Use Information: Do not submerge in water. When storing sprayer for long periods, remove batteries.

To replace batteries: Open battery compartment at bottom of [applicator name] wand. Remove used batteries and replace with four new AA batteries in correct position as marked per diagram inside battery compartment. Securely close battery compartment door. Always use a complete set of the same type when replacing batteries. Never mix alkaline, carbon-zinc or rechargeable batteries.

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text.] Text separated by a / denotes and/or options.

Option 4 – Trouble Shooting Section for [Battery Sprayer] [Applicator Name]

[Troubleshooting Tips:

Problem: Sprayer does not spray (function).

Possible Cause: Batteries not installed properly.

Solution: See instructions for correct battery placement.

Problem: Sprayer makes a straining noise (Sprayer runs but nothing (no product) comes out).

Possible Cause: Nozzle is turned Off.

Solution: Turn nozzle to (desired) spray setting (position).

Possible Cause: [Red] [color] plug at end of hose is not flipped up.

Solution: Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks and flip up spout.

Possible Cause: Sprayer is not primed.

Solution: Press and hold button on sprayer for about [X] seconds to prime the sprayer.

Problem: Spray pattern is weak (or uneven) (product flow is uneven or dribbles out of nozzle).

Possible Cause: Weak batteries.

Solution: Install a fresh set of batteries.

Possible Cause: [Red] [color of plug] plug at end of hose is not flipped up.

Solution: Insert [color of plug] plug at end of hose into [color of spout] spout on cap until it clicks. (Attach coupler to the cap) and flip up spout.

Possible Cause: Nozzle not fully open.

Solution: Turn nozzle to (desired) spray setting (position).]

Option 5 – Pump-n-Go® Applicator

[Applicator (Device) (Applicator Name) Directions]

[HOW TO APPLY/USE]

1. CUT

Carefully cut the two white zip ties securing the hose and pump handle with scissors. Use caution not to cut the white hose. [photo]

2. CONNECT

Unwind hose. Firmly push the connector at the end of the hose onto the spout on the pump, until it locks into place. [photo]

3. EXTEND WAND

Lift sprayer wand off bottle. Push yellow button while pulling out on the wand nozzle tip. Fully extend wand until yellow button snaps into SPRAY position. NOTE: White trigger will not function until wand is fully extended and yellow button is visible in the spray position. [photo]

4. PUMP

Make sure handle is screwed on TIGHTLY or the bottle will not pressurize. Pump container 10-20 times to pressurize bottle. A full bottle requires fewer pumps than an empty bottle. Pumping to the higher range will provide longer spray duration. After pumping, push pump down and turn handle clockwise to lock into carrying position. NOTE: This bottle is designed to expand under pressure and cannot be over-pressurized. [photo]

5. SPRAY

Aim wand. Spray by pushing down yellow trigger with thumb. Adjust spray pattern by rotating white nozzle tip up to one-half rotation. [photo]

80214

NOTE:

EPA Reg. No. 239-2709

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text.] Text separated by a / denotes and/or options.

6. STORE

When finished spraying, push the yellow button and push the wand until the yellow button snaps back into the original storage position. Place wand back onto the bottle with nozzle facing down. [photo]

7. DEPRESSURIZE

Push pump handle all the way down and turn pump handle and cap counter-clockwise to relieve pressure, then retighten prior to storing. [photo]

Option 6 – Other Pump Style Applicator

[Applicator (Device) (Applicator Name) Directions]

1. TO USE

Remove wand from holster and pull the hose from the storage compartment. Turn the pump handle clockwise to make sure the pump is tight and push the pop-up pressure indicator completely down before pumping. [photo]

2. TO PUMP

Turn the pump handle counterclockwise on-quarter turn to release the handle. Pump the sprayer until the pressure indicator pops up about an inch. That's your signal you are ready to spray. Turn the pump handle clockwise one-quarter turn to secure the handle for carrying. [photo]

3. TO SPRAY

Begin spraying by pushing the lever on the spray handle down. Rotate the nozzle at the tip of the wand to adjust spray from a stream to gentle mist. For continuous spraying, push the lever down and slide forward to lock. Pull back to release. [photo]

4. TO STORE

Slowly turn the pump handle counterclockwise to untighten and release pressure, then turn back clockwise to retighten the handle. Push the hose back into the storage compartment and put the wand back in holster. [photo]

Optional [Reuse and] Refill Directions

REFILL: This container may be refilled with [Ortho® MAT28S RTU] [Product Name]. To refill pour [Ortho® MAT28S RTU] [Product Name] into this container. DO NOT add water.

Pesticide Storage and Disposal Options Based On Applicator

STORAGE AND/ & DISPOSAL

PESTICIDE STORAGE: Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTE:

EPA Reg. No. 239-2709

Bold, italicized text is information for the reader and is not part of the label.
[Bracketed information is optional text.] Text separated by a / denotes and/or options.

Option 1 – Conventional Trigger Sprayers – Small/Large RTU

STORAGE AND/ & DISPOSAL

PESTICIDE STORAGE: Rotate nozzle to closed position. [Turn sprayer nozzle to “OFF” [X].] Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 2 – Pull ‘N Spray® II

STORAGE AND/ & DISPOSAL

PESTICIDE STORAGE: Completely discharge/dispense product in sprayer prior to storage. Flip down (color of spout) spout on cap. **DO NOT DISCONNECT SPRAYER HOSE FROM CAP.** Place sprayer back inside carrier on bottle with the nozzle facing down. Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 3 – [Comfort] [Comfort Shot™] Wand Applicator

STORAGE AND/ & DISPOSAL

PESTICIDE STORAGE: Flip down (color of spout) spout on cap. **NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP.** Completely discharge/dispense product in sprayer prior to storage. Twist sprayer nozzle to the OFF position. [Engage trigger lock.] Flip the [applicator name] wand closed and place [sprayer] back in side carrier [clip] [holder]. Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Option 4 – [Pump-n-Go® Applicator] [Other Pump Style Applicators] [Refillable Container]

STORAGE AND/ & DISPOSAL

PESTICIDE STORAGE: Keep from freezing. Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not reuse or refill this container unless the directions for use allow refill according to the directions contained on the REFILL section. See the REFILL section for details. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
