DIRECTIONS FOR USE
SHAKE WELL BEFORE USE
General Classification

This classification of Federal law to use this product in a manner consistent with its labeling.

Cover exposed food, dishes and food handling equipment. Open cabinets and doors to areas to be treated. Shut off fans and air conditioning. Put out all fires and extinguish gas stoves and water heaters. Point nozzle away from face and eyes when releasing. Use one unit for each 6000 cubic feet of unobstructed area. Use additional units for multiple rooms or where treatment is not fully completed. Do not re-enter the room until treatment and vent are thoroughly before entry.

To Operate Valve: To use valve in open position for automatic discharge, press valve button on the way down, holding mechanism. Then place trigger nozzle in the center of the room with valve closed. Spray using several layers of newspaper or pad of newspaper. Leave building closed. Keep building closed until all insects are dead. Open windows and doors and allow to air for thirty minutes. Protect any plants and animals when necessary.

To Kill Ticks and Fleas: Only use on pet bedding and replace. Use product as above. Treat dog and cats with dry shampoos. Do not use product on children. Rubbing alcohol necessary to bring infestations under control.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

Made For Industrial and Institutional Use Only.
