# ROACH & ANT POWDER

Active Ingredient. Technical Chlordane (equivalent to 3% Octachloro 4,7 methano tetrahydroindane and 2% related compounds).....	5%
Inert Ingredients.....	95%
	<hr/>
	Total 100%

Old 97 Hi-Test Roach & Ant Powder is a specially blended dusting insecticide containing Chlordane, a highly efficient toxicant for controlling roaches, waterbugs and ants in homes, and grasshoppers and mole crickets in lawns and yards.

**CAUTION:** Keep Out of the Reach of Children  
See back panel for other cautions.

NET WT. 6 OZ.

## DIRECTIONS

For Roaches, Waterbugs and Ants in homes, apply Hi-Test Roach & Ant Powder thoroughly in cracks, crevices, around doors and windows, under sinks, around cabinets and wherever these pests enter or travel in house. Repeat when necessary.

For Mole Crickets and Grasshoppers in lawns and yards, apply dust thoroughly with a duster at the rate of six ounces to each 700 square feet. Repeat when necessary.

For Ants in lawns, apply dust liberally to each nest, especially the entrance.

**WARNING:** Harmful if Swallowed! Avoid breathing dust. Repeated or prolonged contact with skin can cause toxic symptoms. In case of contact with skin, wash with soap and water. Avoid contamination of feed and foodstuffs. Do not apply to food crops after edible parts begin to form.

Made in U.S.A.
