# FLY and MOSQUITO SPRAY

Active Ingredients 100% Petroleum Distillate and Beta-Butoxy Beta-Cyano Diethyl Ether

A POWERFUL CONTACT KILLER OF MOSQUITOES,  
FLIES, ROACHES, FLEAS, BEDBUGS AND ANTS

### DIRECTIONS

**FOR FLIES AND MOSQUITOES:** Close all windows and doors of room tightly. Then spray all parts of the room including the ceiling and all materials in the room. Leave room tightly closed 15 minutes or more, then sweep or blot them insects and destroy them. Do not remain in the area during treatment. Ventilate area after treatment has been completed. Repeat when necessary.

**FOR ROACHES ANTS, PREMISE FLEAS AND PREMISE TICKS:** Spray into all cracks in walls and floors, behind cabinets and tables, under sinks, and every place where these insects may hide.

Spray animal sleeping quarters. Spray directly on as many insects as possible. Be particularly careful to spray on trails and the places where the ants enter the house. Repeat when necessary.

**FOR BEDBUGS:** Spray all cracks in walls around bed, spray bed joints, locks, slats and rollers, also seams and tufts of mattress and pillows where bugs may hide or lay eggs. Repeat when necessary.

**CAUTION:** Harmful if Swallowed! Avoid prolonged contact with skin. Avoid prolonged inhalation of spray mist. Avoid contamination of foodstuffs. Do not use or store near heat or open flame. Do not reuse empty container. Wash thoroughly with water and detergent. Discard in a safe place.

Keep Out Of The Reach Of Children.
