PENTA CONCENTRATE 40

Niagara Penta Concentrate 40 is a special concentrate containing 40% by weight technical pentachlorophenol.

DIRECTIONS

WOOD PRESERVATIVE: Dilute Penta Concentrate 40 with 10 gallons of mineral oil or suitable petroleum oil. Immerse wood in a tank containing this solution. This is a practical and usually recommended method. Length of time will vary with wood and the season (temperature, humidity, thickness of lumber is sufficient). For fence posts, increase from 12 to 48 hours for contact with the ground. Bark should be removed from fence posts and the posts should be well sealed. For recommended treatment, 6 lbs. of preservative per cubic foot of wood. Do not paint or varnish wood after treatment.

SPRAY TREATMENT FOR CONTROL OF POWDER POST BEETLES: Mix 1 gallon Niagara Penta Concentrate 40 with 10 gallons No. 2 fuel oil or suitable aromatic oil. Spray infested woods to point of run-off. For wood intended for use in contact with soil at least two treatments are necessary. Pressure treatment may be necessary for severe infestations.

EPA REGISTRATION NO. 279-2544 AA

ACTIVE INGREDIENTS:	BY WT.
Pentachlorophenol	34.00%
Other Chlorophenols and Related Compounds	4.00%
Petroleum derived solvents	43.00%
INERT INGREDIENTS:	19.00%
	100.00%

As determined by Federal Specifications TT-W 570

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed or absorbed through skin. Causes skin irritation. Do not breathe vapor or spray mist. Do not get in eyes, on skin or on clothing. In case of contact, immediately wash skin with soap and plenty of water; for eyes, flush with water for 15 minutes and get medical attention. Wash clothes before re-use. Wash thoroughly after handling.

USAGE CAUTIONS

Do not contaminate water supplies by cleaning of equipment or disposal of waste and containers.

Vapors will cause injury if adequate ventilation is not insured. Do not use this product indoors, or in any other confined areas, where the vapors may concentrate and cause injury to plant or animal life.

Do not re-use empty 1 and 5 gallon containers. Destroy them by perforating or crushing. Return drum to reconditioner or destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

Do not apply when weather conditions favor drift from the areas treated. Do not apply when runoff is likely to occur. Do not use in a manner or at a time other than in accordance with label directions because animal, plant or crop injury, illegal residues or other undesirable results may occur.

Dealer Should Sell in Original Packages Only.

TERMS OF SALE OR USE: On purchase or use of this product buyer and user agree to the following conditions:

WARRANTY: Niagara warrants that this product, as of the time of sale by Niagara, (1) conforms to the ingredient statement on the label, and (2) is reasonably fit for the purposes set forth in the Directions for Use. EXCEPT AS SO WARRANTED THE PRODUCT IS SOLD AS IS. NIAGARA MAKES NO OTHER WARRANTY EXPRESS OR IMPLIED.

DAMAGES: Buyer's or user's exclusive remedy for damages for breach of warranty or negligence shall be limited to direct damages not exceeding the purchase price paid and shall not include incidental or consequential damages. Notice of any claim must be reported to Niagara within 10 days of discovery by buyer or user, failing which buyer or user waives any claim of such damage.

EXCUSE FROM NON-CONTROLLABLE CONDITIONS: Because of certain critical conditions created or incurred by buyer or user or over which Niagara has no control, buyer and user, as a condition of purchase or use, assume responsibility for and release Niagara from, liability arising out of the handling or use of the product attributable to such causes. No person is authorized to vary or waive any statement contained herein.
