

ACCEPTED

OCT 17 1975

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No.

Brown Dog Ticks: Spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of pets and localized areas of floors and floor coverings. Repeat as necessary. Fresh bedding should be placed in animal quarters after treatment. Do not treat animals.

Flies, Mosquitoes, Wasps, and Flying Moths--outdoors For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate.

CAUTION: Harmful if swallowed. Avoid contamination of feed and foodstuffs. Avoid inhalation and skin contact. Wash thoroughly after using. Do not use on household pets and humans. Do not use in edible products, areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

WARNING FLAMABLE! Contents under pressure. Do not use near fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting.
